

LEGAL INFORMATION
READ AND KEEP THESE INSTRUCTIONS

Caution: Any changes or modifications not expressly approved could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

---Reorient or relocate the receiving antenna.

---Increase the separation between the equipment and receiver.

---Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

---Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

SMART CHARGER

Three Port Power Station

Model: MPU002

Product Guide

The three port Power Station can charge up to 3 devices at a time using its USB charging ports. The three 1A charging ports are typically used for smaller devices such as cellphones.

To use the device, plug the power cable into a wall outlet. The leftmost divider will illuminate BLUE to indicate that the Four Port USB Base has power.

To charge a device, connect the small end of a USB charging cable to your device's charging port and the large end to one of the USB charging ports on the Three Port Power Station. Once plugged in, the corresponding divider will illuminate BLUE to indicate that the port is being used to charge a device.
