Activate Your Phone

Charge the Battery

Your phone's battery should have enough charge to get started, but it's a good idea to charge it fully before you get going. Insert the charger into the Charger/Accessory Port and plug the charging head into a standard AC power outlet.

Before turning on your phone:

**If you purchased your phone at a Sprint Store,** it is probably activated and ready to use.

If you received your phone in the mail, and it is for a new Sprint account or a new phone number, your phone is designed to activate automatically when you first turn it on. You will see a **Hands Free Activation** screen at startup. When it's finished, tap **OK** to continue. To confirm your activation, make a phone call.

If you received your phone in the mail and it is going to be activated on an existing number (you're swapping phones), go to **sprint.com/activate** and follow the instructions. When you have finished, make a phone call to confirm your activation.

If your phone is still not activated, visit **sprint.com/support** for assistance. If you do not have access to the Internet, call Sprint Customer Service at **1-888-211-4727** from another phone.

Set Up Your Phone
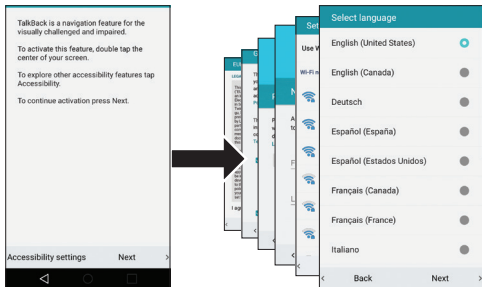

Press and hold the **Power/Lock Button** and then review the TalkBack navigation screen, or tap **Next** to bypass.

Select a language, tap **Next**, and then follow the prompts to complete the setup screens.

Complete the Setup Screens

The device's setup screens will guide you through the setup process. Follow the prompts to:

- Set up a Wi-Fi® connection.
- Sign in to (or set up) a Google™ Account.
- Set up payment information.
- Personalize your device.

When setup is finished, you'll see your device's Home screen.

Your Home Screen

Tap ○ from any screen to return to the Home screen.

Sprint & Sustainability

A Sprint, environmental responsibility is more than talk. For information on Sprint's commitment to sustainability and the environment, visit **sprint.com/green**.

Don't Drive Distracted

It can wait. If the car is in driving mode, you should be too. Visit **sprint.com/drive** to learn about Sprint's FREE **Drive First** app and other resources.

#itcanwait

The services described in this guide may require a subscription to a service plan and/or may incur additional charges. Not all services will work on all phones. See **sprint.com/coverage** for more details.

Important Privacy Message. This phone is capable of determining its/your geographical location. To set controls for access and use of your location information by others, tap ◯ > ⦙⦙⦙ > **Settings** ⚙ > **Location**. Tap the OFF/ON switch so it's in the **ON** position. Select your location options from the list and follow any applicable prompts. These settings for the use of location information can be turned on and off. For some applications and services you select, a phone must be turned on and set to allow collection of location information in order to function.

Please be advised that if you use a third-party application, the application may collect your personal information or require Sprint to disclose your customer information, including location information (when applicable), to the application provider or some other third party. Sprint's policies do not apply to these third-party applications. Please carefully review the application's terms of use and/or the application provider's policies for more information about how the application will collect, access, use or disclose your information before using a third-party application. Terms of use and other policies usually are available on the application provider's website.
