Operation Guide 3225/3226

CASIO

Countdown alarm operation

The countdown can be set from one minute to 30 minutes. (To set the countdown period, press the ${\Large \ \, (}{\Large \ \, {}{\Large \ \, {}}{\Large \ \, {}}{\Large \ \, {}}{\Large \ \, {}$ button as many times as required.)

[Setting countdown period] Each press of the (A) button shifts the countdown period.

Countdown starts when the A button is released. When the countdown reaches zero, the alarm will sound for 10 seconds. Pressing any button stops the alarm.

Setting daily alarm

If the daily alarm is set, the beeper sounds for 20 seconds at the preset time every day until cleared. To stop the beeper, press any button. If the time signal is set, the watch sounds every hour on the hour with a "Be-e-ep" signal. (Sound demonstration) Press and hold the © button in alarm mode to sound the

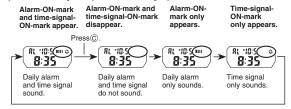

Minute setting Press (A). Hour setting Press (A). Press (A). R170:58 -830 AL (0:98 **└**→ **1935**

Press (A) in the daily alarm mode to set hours and minutes. Each press of © advances the alarm setting by 1 hour.

Press (A) to set minute digits. Each press of (C) advances the alarm setting by 1 minute.

* If the ® button is pressed, the watch reverts to the regular timekeeping mode. (Quick digit advance) When the \circledcirc button is pressed for more than 2 seconds, the digit advances quickly. When released, digit advance will stop.

[ON or OFF setting of daily alarm and time signal]

Stopwatch operation

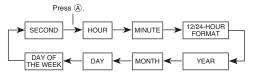

A signal confirms start/stop operation. (Working range) The stopwatch display is limited to 59 minutes 59.99 seconds. For longer times, reset and start again.

Setting time and calendar

- 1. In the time setting mode, first press © on a time signal to correct seconds. 2. Press (a) to shift flashing position. The digit(s) to be changed will flash.

In any mode, press the (L) button to illuminate the display.

- 3. Each press of $\stackrel{\frown}{\mathbb{C}}$ advances the setting by one. Keep pressed for quick advance.
