SAFETY INFORMATION

WARNING

- To reduce the risk of fire or electric shock, do not use this fan with any solid state speed control device.
- This appliance has a polarized plug (one blade is wider than the other). To reduce the risk of electric shock, this plug is intended to fit in a polarized outlet only one way. If the plug does not fit fully into the outlet, reverse the plug. If the plug still does not fit, contact a qualified electrician. Do not attempt to bypass this safety feature.

CAUTION

- Do not leave the fan running unattended.
- Do not use fan in a window. Rain may create an electrical hazard.
- This is not a toy. Keep out of the reach of children and pets.
- Do not stick any object or body parts in the grill of the fan while the fan is plugged in.

RULES FOR SAFETY OPERATION

1. Do not operate any fan with a damaged cord or plug. Discard fan or return to an authorized service facility for examination and/or repair.
2. Do not run cord under carpeting. Do not cover cord with throw rugs, runners, or similar coverings. Do not route cord under furniture or appliances. Arrange cord away from traffic area and where it will not be tripped over.
3. Fan should be used under rated voltage.
4. Connect power after the fan is fully assembled.
5. Never insert fingers, pencils, or any other object through the guard when fan is running.
6. Unplug from outlet when not in use, when moving fan from one location to another, before putting on or taking off parts, and before cleaning.
7. Disconnect fan when removing grilles for cleaning.
8. Be sure fan is on a stable surface when operating to avoid overturning.
9. DO NOT use fan in window, rain may create electrical hazard.
