## Charging your device with the Power Bank

1. Connect the large end of the supplied Mini USB cable to the OUT Jack on the Power Bank.
2. Connect the small end of the Mini USB cable into any portable device requiring a Mini USB charging connection (please refer to your device's user guide for charging instructions).
3. Use your device's battery indicator to determine when the device is fully charged.
4. When your device is fully charged, remove the cable from the ports.

## Legal Information

FCC Part 15:  
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications to this equipment not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the requirements for a Class B digital device under Part 15 of the Federal Communications Commission (FCC) rules. These requirements are intended to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Do not attempt to repair or modify this equipment.

Shielded USB cables must be used with this unit to ensure compliance with the Class B FCC limits.

PLR IP Holdings, LLC, its licensees and affiliates, fully support all electronic waste initiatives. As responsible stewards of the environment, and to avoid violating established laws, you should properly dispose of this product in compliance with all applicable regulations, directives or other governments in the area where you reside. Please check with local authorities or the retailer where you purchased this product to determine a location where you can appropriately dispose of the product.

If your electronic device has internal memory on which personal or other confidential data may be stored, you may want to perform a data sanitization process before you dispose of your device to assure another party cannot access your personal data. Data sanitization varies by the type of product and its software, and you may want to research the best sanitization process for your device before disposal. You may also check with your local recycling facility to determine their data sanitization procedures during the recycling process.

## Location of Controls

- 1 OUT Jack - use this port to charge your devices
- 2 IN Jack - use this port to charge the Power Bank
- 3 LED Charging Indicator Light - this only illuminates when the Power Bank is charging or charging devices

## Charging the Power Bank

1. Connect the small end of the supplied Mini USB cable to the IN Jack on the the Power Bank.
2. Connect the large end of the supplied Mini USB cable to an available port on your computer.
3. During charging, the indicator light is RED. When the Power Bank is fully charged, the indicator light will turn BLUE.
4. Charge the Power Bank between 2-3 hours. Do not charge for more than 8 hours.

**i** Be sure to fully charge the Power Bank before using it for the first time.

## Troubleshooting

**The Power Bank is plugged in and has been charging for a long time, but the LED Charging Indicator Light is still red, not blue.**

- The Power Bank has not charged long enough. Charge it for more than four hours continuously.

**The Power Bank can't charge any other devices.**

- Recharge the Power Bank.
- The Mini USB charging cable is malfunctioning. Exchange the charging cable.
- The Mini USB charging cable is not fully connected or correctly connected. Correct the connection.
