

# Surround Loudspeaker

# VS-14

With great looks and advanced technology, the Icon V Series VS-14 surround speaker serves up enveloping cinema-style sound that definitely brings a new dimension of reality and convenience to home theater.

The VS-14 employs a 4.5" fiber-composite woofer cone that is lightweight, yet powerful. Not only does this reliable low-frequency component create improved tonal balance and imaging, it also generates amazing dynamics and deep bass.

Even more remarkable is the VS-14's all-new, patent-pending Tractrix® Horn-loaded tweeters with XT technology. This proprietary design equalizes the speed of sound waves from the horns and smoothes the dispersion pattern.

Furthermore, the exclusive Wide Dispersion Surround Technology, or WDST, that's tied in with the tweeters and horns allows the VS-14 to create a smooth, high dispersion pattern, providing crystal clear sonic detail even in listening areas with less than ideal configurations. So, no matter where you sit, this surround speaker promises to draw you into the middle of the action.

The speaker's sleek, black cabinet has a stylish look that complements modern video and audio components. And, with the furniture-grade finish on the top and bottom caps, it will look great in any room.

- Patent-pending XT Tractrix® Horns with wide dispersion technology
- Dual tweeters create precise high frequencies
- High-output woofer generates hard-hitting lows
- High-style, contemporary black cabinet fits any décor
- Fixed grille protects drivers
- Easy to drive with typical A/V receiver

## SPECIFICATIONS

frequency response	99Hz - 23kHz +/- 3dB
low frequency extension	92Hz
power handling	50 W continuous, 200 W peak
sensitivity	89dB
nominal impedance	8 ohms compatible
crossover frequency	2000Hz
drive components	Two-way system utilizing one 4.5" fiber-composite lightweight cone woofer and two 1" aluminum dome tweeters mounted in dual 4.5" square 90° X 90° XT Tractrix® horns in a WDST configuration
enclosure material	MDF (medium density fiberboard)
enclosure type	Sealed enclosure
height	6.75" (17.1 cm)
width	15" (38.1 cm)
depth	6.5" (16.5 cm)
weight	7.5 lbs (3.4 kg)
finishes	Black vinyl with furniture-grade black wood veneer top and bottom cap
