Safety Precautions

IMPORTANT:

In the event that any of the following occur, make a request for repair to the dealer.

- Smoke or abnormal odor is emitted
- Damage from being dropped
- Water or an object enters inside

If a malfunction occurs, stop using the camcorder immediately and contact www.jvc.com or by phone at 1-800-252-5722

If this symbol is shown, it is only valid in the European Union.

Caution on camcorder

The camcorder may present a fire or chemical burn hazard if mistreated. Do not disassemble, heat above 100 °C or incinerate.

- Dispose of used camcorder promptly.
- Do not disassemble and do not dispose of in fire.

WARNING:

The camcorder shall not be exposed to excessive heat such as direct sunshine, fire or the like.

(For owners in the U.S.A.)

Changes or modifications not approved by JVC could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: Reorient or relocate the receiving antenna. Increase the separation between the equipment and receiver. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. Consult the dealer or an experienced radio/TV technician for help.

FCC WARNING**(For owners in the U.S.A.)**

This equipment may generate or use radio frequency energy. Changes or modifications to this equipment may cause harmful interference unless the modifications are expressly approved in the instruction manual. The user could lose the authority to operate this equipment if an unauthorized change or modification is made.

(For owners in the U.S.A.)

- The supplied interface cable must be used with the equipment in order to comply with the limits for a digital device pursuant to Subpart B of Part 15 of FCC Rules.
- Use an HDMI cable with the HDMI logo.
