# COOKTOP

## Style and Design

LG's premium 30" & 36" radiant cooktops offers the perfect harmony between style and convenience.

## SmoothTouch™ Controls

Easy to use with just a touch. At a quick glance of the centralized electronic controls users can see which heating element is activated and the smooth surface easily wipes clean.

## Steady Heat Technology

Steady Heat cooking elements deliver constant heat at any temperature for more precise control and responds quickly to power setting adjustments.

## Bridge Element

In addition to being used separately, the left front and the left rear elements can be joined by bridge element to evenly heat larger pans.
