Communicate volumes in color – for less!

LEXMARKTM

Enhance Your Business **with Color.**

Color is one of the most powerful communication tools at your disposal. Pages with color are recognized at a 60 percent higher rate than those without. Color strengthens brand identification up to 70 percent and improves recall up to 60 percent. Color even simplifies complex information, reducing search time as much as 80 percent. Today it is easier and more affordable than ever to create high impact, professional color documents in-house and on-demand with an innovative color print solution from Lexmark.

Data cited from "Color for Impact: How Color Can Get Your Message Across or Get in the Way" by Jan V. White

Color. It's what your business craves. But if you print a lot in color, the cost of supplies can be hard to swallow. Lexmark has a solution that lets high-volume workgroups print in color without worrying about the cost of consumables. The Lexmark C782 XL family of color laser printers and the multifunction Lexmark X782e XL combine the power of color with unique cartridge pricing to help you save money and time by printing professional color documents in-house.

Speed and innovation unite

The Lexmark C782 XL family and X782e XL are robust, reliable and incredibly fast. You get the performance and innovations you need to produce brilliant color output in-house, reducing the need for outsourcing.

- Up to 35 ppm in color, 40 ppm in black, first color page out as fast as 13 seconds
- 800MHz processor with 256MB of RAM standard, expandable to 768MB
- Ultra-reliable paper feeding supports diverse media, including card stock, labels, UV-resistant outdoor media, banner paper and more
- State-of-the-art security to protect your data and devices, including numeric pad for secure PIN release of print jobs

Raise-the-bar with color

The Lexmark C782 XL family and X782e XL deliver crisp text and graphics and accurate, well-balanced images from first page to last. Like all Lexmark color lasers, they feature Lexmark's new chemically processed toners for exceptional color and detail.

- True 1200 x 1200 dpi resolution and 4800 Image Quality print mode
- Consistent color balance with Pantone calibration
- Lexmark ColorCare tools to drive additional toner savings
- Front-loading toner cartridges take just seconds to replace

Plentiful options

A wide variety of accessories and paper handling options let you tailor these devices to meet your unique requirements. For example, you can add a scanner unit to Lexmark C782 XL models, or you can add paper handling options to the Lexmark X782e XL by placing the scanner unit on an adjacent surface, such as a counter or tabletop.

- Maximize input capacity with extra drawers or high-capacity feeder
- Print banners up to 48 inches wide with the banner media tray (also available as an option on the X782e XL)
- Add a StapleSmart Finisher, envelope drawer, or outdoor media drawer
- Increase output flexibility with a 5-bin mailbox or 650-sheet output expander

Eco-responsible printing

Printing responsibly means everyone wins – your business, your budget and the environment! All of Lexmark's XL color lasers are designed with sustainability in mind. They're incredibly quiet and equipped with a range of eco-conscious features to help you print greener at every level.

- Models with built-in duplex reduce paper consumption
- Use fewer cartridges over the life of your printer with the 16,500*-page replacement toner cartridges
- Multifunction technology lets you move documents digitally, saving paper and transportation energy
- Lexmark Cartridge Collection Program offers fast, free and easy recycling

Lexmark XL Series

Original Lexmark XL High Yield Cartridges are all priced the same!

While color toner cartridges typically cost more than their black equivalents, all Original Lexmark XL High Yield Toner Cartridges – black, cyan, yellow and magenta – are offered at the same low price. In addition, these cartridges deliver an impressive 16,500* pages, so you can print longer and use fewer cartridges overall. While your actual cost per page will vary based on the amount of coverage (the percentage of the page covered by black and color toner), your color cost-per-page can drop to just pennies.

The savings add up fast when you print in-house with a Lexmark XL Series printer or MFP. You can print labels, promotional signs, marketing materials and banners on the same device you use for your everyday printing. You'll save time by maintaining centralized control; save money by printing short-run jobs more economically in-house; and save the planet by printing on demand, eliminating wasteful overruns and disposing of obsolete documents.

Lexmark XL Series |

Get exactly the performance you need

Lexmark C782dn XL

Low-cost color output for high-volume, in-house printing

- Network ready, duplex standard
- Up to 35 ppm color, 40 ppm black
- Time to first page as fast as 11 seconds in black, 13 seconds in color
- True 1200 x 1200 dpi resolution or 4800 Color Quality (2400 x 600 dpi)
- 800MHz processor
- 256MB RAM standard, expandable to 768MB
- Front USB port for walk-up printing

Other Models Available:

C782n XL = network ready

C782dtn XL = network ready with built-in duplex and 1,100-sheet standard input capacity

Lexmark X782e XL

Color laser multifunction technology for low-cost color output

- Print, copy, scan and fax
- 768MB memory standard
- 8-inch e-Task color touch screen
- Duplex unit for automatic two-sided printing
- 50-sheet automatic document feeder scans both sides of your document in one pass
- Paper input capacity of up to 1,600 sheets
- Lexmark Embedded Solutions Framework

Explore the features that keep you moving

Long-lasting toner

16,500*-page Original Lexmark XL High Yield Toner Cartridges save money, time and the environment

Single-pass duplex scanner

Save time by scanning both sides of your document in one pass

Special delivery

Mailbox option lets you assign users their own output bins

Direct USB

Front USB port lets you print PDF and other image files directly from a memory device – no PC needed

Intuitively easy to use

Color e-Task touch screen offers simple one-touch operation

Secure PIN release

Use the numeric pad to release confidential jobs
