	DESCRIPTION	PROCRAM TRANSMITTER INTO RECEIVER
Linear AGGESS	DESCRIPTION Linear's GT series of digital transmitters are wireless	PROGRAM TRANSMITTER INTO RECEIVER For INTELLICODE™ and CodeDodger™ systems, refer
	radio controls designed for use with Genie Pro® INTELLICODE™, Overhead Door® CodeDodger™, and	to the instructions provided with the receiver to set it to a "learning" mode. Activate the desired transmitter button
лт эл		"learning" mode. Activate the desired transmitter button to program that button into the receiver
GT-30	rolling-code GT radio format provides additional security	
	by changing the transmitter's code with each use. The GT-30 is a three-button transmitter that sends a	
	unique code for each button. Typically, one button is used	
DIGITAL	to operate a community access gate, another button can activate the individual's garage door, and a third button	
TRANSMITTER	can control an additional door or other device.	
	The transmitter is powered by two Type 2016 "coin cell"	
	batteries. A red indicator lights when the transmitter is activated. A removable spring steel visor clip is supplied	Linear's Model AM-RGR receivers detect the signal from the transmitter and pass its digital code to the AM/II
Operation Instructions	attached to the back of the transmitter.	access controller.
	INOTE: INTELLICODE™, CodeDodger™, Genie Pro®, and Overhead Door® are registered trademarks of Overhead Door Corporation.	GT-30 transmitters are manufactured and sold "Block Coded" from the factory. Each block of transmitters is
Linear		labeled with the starting and ending block code number,
(760) 438-7000 • FAX (760) 438-7043 USA & Canada (800) 421-1587 & (800) 392-0123		along with a facility code number. Refer to the AM/II instructions for details on how to program the block and
Toll Free FAX (800) 468-1340 www.linearcorp.com		facility code numbers into the controller.

IMPORTANT III Linear radio controls provide a reliable communications link and fill an important need in portable wireless signaling. However, there are some limitations which must be observed. • For U.S. installations only: The radios are required to comply with FCC Rules and Regulations as Part 15 devices. As such, they have limited transmitter power and therefore limited range.
