

Prepare for Installation

Read this Guide before you install the disks.

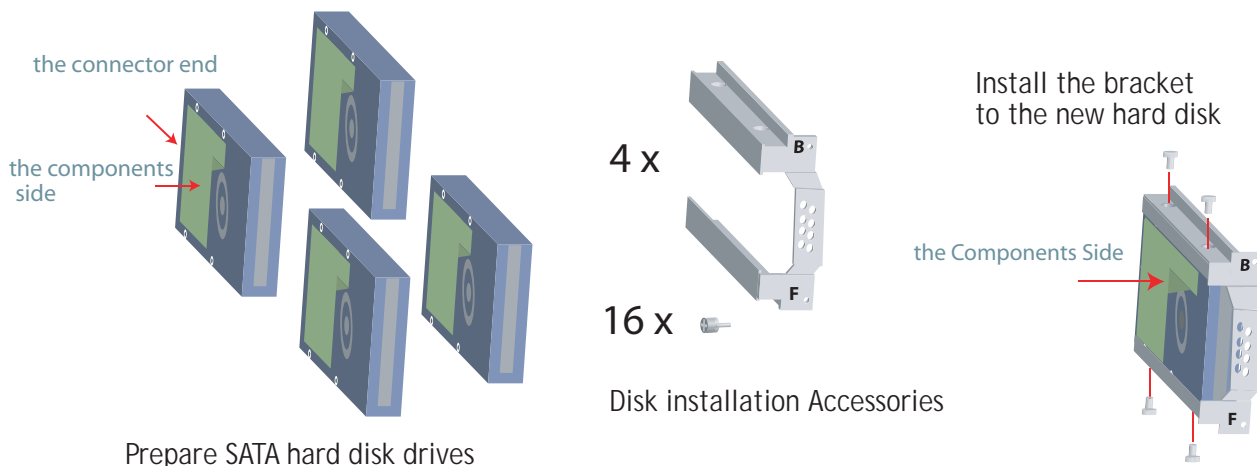

Prepare the follows for the disk installation:

- ReadyNAS 600 disk-less system
- Disk drive brackets and screw in accessory box
- Ethernet cable and power cable
- Hard disk drives (not included)
- Screw driver (not included)

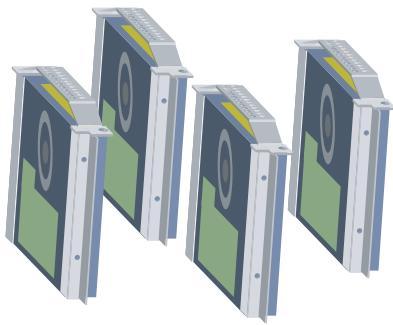

1 Remove the top cover to access disk cage

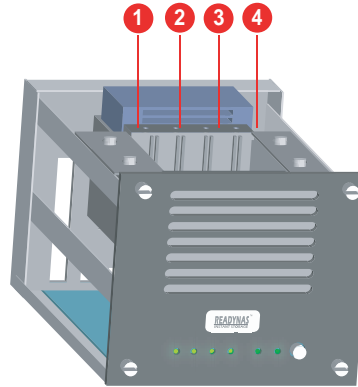

2 Install the hard disk mounting brackets

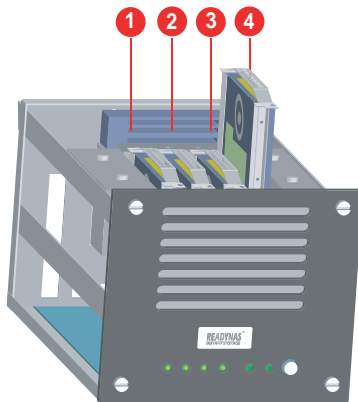

3 Install the hard disks into cage

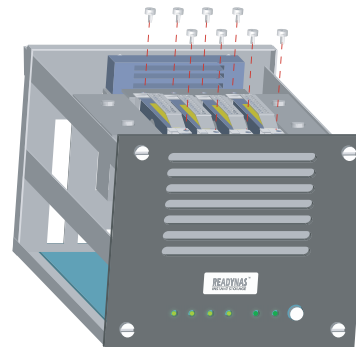

Hard disks with mounting bracket installed

System case with easy access disk cage

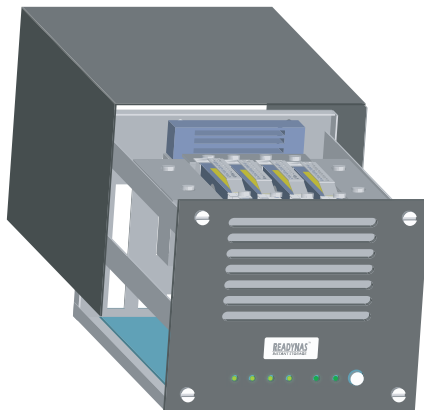

1) Install the disks into the cage.

2) Push the drives into SATA connector completely, and secure the drives with screws.

4 Re-install top cover and front panel

Re-install top cover and screw on in the back.

Done with disk installation.

Refer to the [Getting Started Guide](#) for further instruction.
