## **cabinets for one perfect bathroom. Yours.**

why Broan-NuTone® Storage Solutions provide such a breadth of bath cabinet styles, finishes and functionality. We believe you shouldn't have to compromise when it comes to expressing yourself.

After all, it's your home, and how you furnish it is a direct reflection of who you are. That's why we provide choices that build on your creativity, with options and accessories that will enhance your vision. Whether you're building or remodeling, our functional, fashionable storage solutions adapt to your style and complement the way you live. We have hundreds of ideas waiting for you, including one that is perfect for your home.

## Studio IV

Now it's easy to add the perfect complement to any bath or powder room. The classic, neutral designs of Studio IV enable endless possibilities, whether your decor is classic or contemporary. Stainless steel or white painted cabinet bodies, glass shelves and 170° soft-close Euro-style hinges withstand the rigors of everyday use. Light gathering mirrors on the inside door and cabinet back double the functionality when open. Let Studio IV Series bath cabinets take your style in any direction you can imagine.

## Metro Shapes

Tired of typical "square mirrors" on bath cabinets? Well, so were we. That's what inspired Metro Shapes bath cabinets in dramatic Ovals, Arch and Octagon configurations. With beveled front mirrors, Metro Shapes are beautifully functional, high quality cabinets. They're perfect over pedestal lavs in powder rooms, or in contemporary bathrooms where they make a statement about the room as well as the owner.

### Torino Arch

Shown: Torino 5528

The Torino features a beveled edge and frosted cut-glass arched design that's ideal over "his-and-hers" vanities or dual pedestal lavatories. Optional side light fixtures match the look with beveled-edge mirror backplates and a frosted glass shade.

Shown: 73591 side light kit

### Cameo Oval Bevel

Shown: Cameo 1350

The Cameo Oval brings a touch of elegance to any room. Its frameless, 1" beveled-edge premium float glass mirror is supported by heavy-gauge steel construction. Adjustable shelves and a convenient reversible door are included in this perfect complement for powder rooms and pedestal lavatories.

## Horizon

## Nova

Horizon features the quiet elegance of beveled-edge design. A wide selection of tri-view and single-door models with optional matching light bars make this classic model a good fit for any size room or décor.

Nova puts an oversized center cabinet in place to hold items everyone uses. And on either side, “his and hers” cabinets let you organize personal items. Integral lighting illuminates the entire room.

## Monaco

Shown: Monaco 535224

The Monaco, with a gold-tone frame, is a work of art in any bath or powder room. Its sophisticated finish highlights the accents in faucets and other bathroom accessories. One of our oversized cabinets, it is designed with a larger viewing area and more storage room.

Oversized  
24" wide

## Harmony

Shown: Harmony 533124

The Harmony, one of our oversized cabinets, is designed for greater storage room where single door design is preferred. Its transitional chrome-tone anodized aluminum frame resists humidity and cleans easily. And its larger size brings an equally generous viewing area.

Oversized

### Flush Mount Cabinet

Shown: Flush Mount Cabinet 869P24WHG

The Flush Mount does exactly that—mounts flush to the wall surface to provide an ultra clean presentation. With the door surface just 1/2" off the wall surface, you'll hardly know it's there. Concealed European hinges swing the door open with a gentle push on the spring loaded touch-latch to reveal three adjustable shelves.

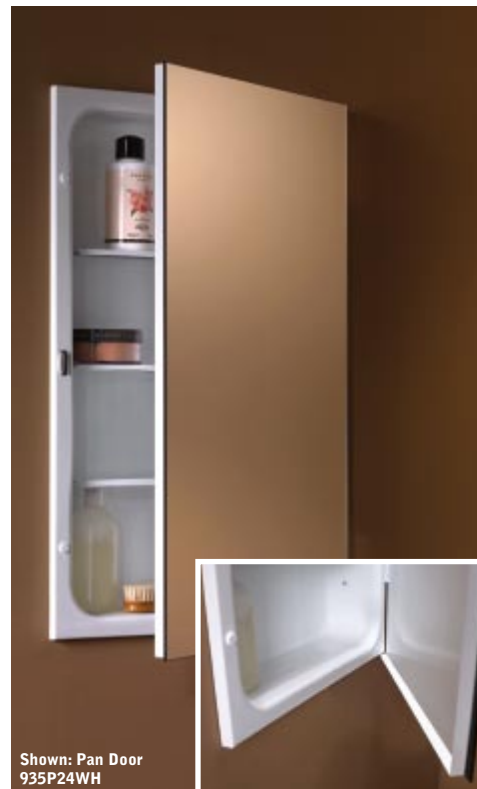

### Modular Shelf

Shown: Modular Shelf 468MOD

The Modular Shelf puts an end to the problem of storing taller items and wasted space. This unique design maximizes capacity with six modular half-shelves that can be positioned in a variety of configurations. Shelves can be adjusted without tools to accommodate a broad variety of container shapes and sizes.

### Pan Door

Shown: Pan Door 935P24WH

Here's a design that's worth a second look. The Pan door's design covers the normal gap between the cabinet body and the door with a unique flange. It's the perfect complement to the clean polished edge of the polished mirror. Reversible for left- or right-hand installation, the Pan door also features three adjustable shelves and a magnetic closure.

### Perfect Square

Shown: Styleline 923P24WH

When your installation does not permit the door to swing wide open, due to lighting fixtures or an adjacent wall, this cabinet solves the problem with its 90° stop hinge. Mount it for left- or right-hand opening.

### Pillar

Shown: Pillar 735M34WH

The Pillar is an ideal solution for a narrow wall in a small bath or powder room. With a wall opening of less than 11", it goes where few other recessed cabinets could ever be installed. In humid environments, its plastic body is a perfect solution.

### Topsider

Shown: Topsider 235P22WH

For the room where a recessed cabinet is not possible, the Topsider steps in to assist. It's a functional solution when obstructions behind the wall make a recessed installation impractical.

## Stainless Steel Body

Shown: Stainless Steel Body 1448

This easy-to-clean, corrosion-resistant single-door cabinet features high luster, stainless steel construction and a bright satin finish. Combined with a 1/2" beveled-edge door mirror, the Stainless Steel Body provides a high-tech look at a modest price.

## Bel Aire Auxiliary

## Commodore Series

Shown: Commodore VM224M, mirrored sliding doors

Shown: Commodore J1650P48CH, styrene sliding doors

Shown: Commodore PEM3024 wall mirror and V30 storage cabinet

Whether you select the wall mirror and cosmetic box combo or individual components, the Commodore Series guarantees durable versatility. With bright polished stainless steel or chrome finishes they are an exceptional complement to chrome bath fixtures and glass tile. Channeled components are easy to install, and mirrors feature polished edges and copper backing. Available with mirrored or styrene doors, Commodore Series is a classic look that's back.

## Oak Hollywood

The Oak Hollywood features a solid oak frame in a honey finish and a matching wood-tone exterior that surrounds an integral incandescent top light, a grounded outlet, an on-off switch and clear handles on sliding doors.

## Flair

Who says economical solutions can't come with quality? The Flair includes quality features like an incandescent built-in top light, stainless steel trim and an on-off switch. It's a self-contained, economical solution to bathroom storage and lighting necessity.

## Ensign

Shown: Ensign 124LP

Originally designed for Navy barracks, the Ensign is functional utility, pure and simple. It features stainless steel trim and a built-in incandescent top light, sliding doors, a convenient grounded outlet and an integral on-off switch. Easy to install and use, it will help you keep everything ship-shape.

## Beauty Glide

Shown: Beauty Glide SB330

Beauty Glide represents functional simplicity. This polished stainless steel slider has two polished mirror doors, a white powder coat finish, and two adjustable shelves. If swinging doors get in the way, we have a beautiful solution.

## Contempora

Shown: Contempora B703850 recessed mount

Shown: Contempora B704850 surface mount

With its striking, heavy stainless steel frame, the Contempora slider cabinet adds a bold sense of style to the modern or traditional bathroom. Two doors slide to reveal half of the cabinet, and sturdy metal shelves provide stable storage. Choose from a surface mounted cabinet with fixed shelves, or a recessed cabinet with adjustable shelves. Just imagine how it would complement similarly framed prints and chrome bath fixtures.

## Theft-Proof Mirror

Shown: Theft-Proof Mirror 178P24CH

For school, public and commercial business restrooms, NuTone's Theft-Proof mirror makes good economic sense. Its keyhole mounting system locks the mirror to the wall, so it can't be accidentally bumped or physically removed—at least not without a lot of effort. Chrome framing protects mirror edges from accidental contact. There is no cabinet with the theft-proof mirror.

## Louver Door

Shown: Louver Door 602

Shown: Louver Door 615

Shown: Louver Door 606

Our versatile Louver Door cabinets provide additional storage yet are cleverly concealed. The unfinished pine louver door is ready to be painted or stained to match your bath or powder room. Or, choose a white molded polystyrene door (model 615 only) that does not require a finish.

**10.** To determine the quantity of Gang Kits needed, subtract 1 from the number of cabinets to be "ganged."  
**Example 1:** Recess three cabinets in a row (3 cabinets - 1) = 2 Gangable Attachment Kits.  
**Example 2:** Surface mount four cabinets in a row (4 cabinets - 1) = 3 Gangable Attachment Kits, plus four Surface Mount Side Mirror Kits.

**NOTES:** Unless so stated, bulbs not included. All measurements are in inches.

**This Cross Reference Guide lets you match the most popular, former Triangle models with their current NuTone model numbers.**

1. Some former Triangle model numbers may not be an exact match to the current number featured in this chart. If you need the exact model, please contact Customer Support before ordering at 800-325-8351.
2. Find the Triangle model number you seek, match it to the NuTone number, and then use the Master Matrix to find the catalog page on which the product appears. Due to the broad product range, not all models and sizes are pictured.
3. If the model number you seek is not in the cross reference matrix, please contact NuTone Customer Support at 800-325-8351. The Support team will help you select the model that best suits your needs.
4. Some models are packaged as multiple units. See notations in the chart.
5. Special over-carton packaging is available on select models. Contact Customer Support at 800-325-8351.
