- *Onscreen volume bar*

21-Button Total Remote
(Remote # RC0801/04)

Let's make things better.

PHILIPS MAGNAVOX

Picture

25" Dark Glass Picture Tube
Our standard dark glass picture tube combines an advanced electron gun design, 36% transmission dark glass faceplate, black matrix, specially tinted phosphors and a 100° deflection angle to provide greater contrast ratio than ever before in a standard tube–as well as offering a higher degree of picture sharpness, fine focus, bright detail, and color picture clarity.

Remote Control

21-Button Total Remote controls:
- Alternate channel
- Menu display
- 4-way cursor control
- Random channel access
- Programmable scan tuning
- Closed Caption
- Volume control
- Volume mute
- 120-minute sleep timer
- Status/exit
- Power on/off

(Remote # RC0801/04)

Convenience

Alternate Channel
Keep close tabs on 2 different channels with one button convenience. Simply select 2 channels using the channel scan (CHANNEL ▲ ▼) method or the Direct Access method. Then using the A/CH button on the remote control, toggle between the programmed channels.

Sleep Timer
The Sleep Timer automatically turns the TV off at a preset time of up to 120 minutes from the time the feature is activated. Sleep timer settings are programmed in 15-minute increments.

Trilingual Onscreen Display
Onscreen displays assist in selecting preferred picture performance levels, choice of regular or cable viewing source, and indicate the activation of special features. Displays may be put on screen in English, Spanish, or French.

Auto Programming
When activated, this feature automatically scans all available channels–from regular antenna or cable–and programs only active broadcast stations into memory. CHANNEL ▲ or CHANNEL ▼ buttons, on the remote or at the set, will then sequence through only those pre-programmed channels.

Closed Caption
Activated through a special onscreen menu or by pressing the CC button on the remote, the Closed Caption feature allows the hearing impaired to read dialogue and narratives (on Closed Caption telecasts) without the use of an optional, external decoding device. Program dialogue and narrative material are printed at the bottom of the screen. Excellent for development of language skills and private viewing without disturbing others as well.

Onscreen Volume Bar
When activated, this feature displays an onscreen volume bar providing a visual indication of the volume setting.

Sound

Stereo Sound System
The stereo sound system built into this table model color television incorporates an MTS decoder which permits reception and reproduction of broadcast stereo television programs (where available).

Audio/Video Jack Panel

Audio/Video Jack Panel (J700)
The A/V jack panel on the back of this set includes a coaxial RF input for connection to CATV, CCTV, or indoor/outdoor antenna system.

Additional Features Include:
- Channel edit
- Total remote menu format tuning with multicolor onscreen graphics
- 181-channel capability
- 4-way cursor control
- Random channel access
- Programmable scan tuning
- Status recall
- Mono/stereo select
- Cable/normal select
- Two 3" round, full-range speakers
