Philips
Hard Disk/DVD Recorder

160 GB

DVDR3575H

Hard disk recording and playback made simple

Benefit from the convenience of recording directly onto a 160GB hard disk with this DVD recorder. To keep something longer, simply record your selected programs onto a DVD to enjoy a lifetime of high quality videos.

Brings video to life

- 1080p HDMI with true high definition video upconversion
- Progressive Scan component video for optimized image quality

Records and plays all your movies and music

- 160GB Hard Drive records all your favorite TV programs
- Dual Media records on both DVD+R/RW and DVD-R/RW
- i.LINK digital input for perfect digital camcorder copies
- Plays DivX, MP3, WMA and JPEG digital camera photos

Easy to use

- Built-in SDTV Tuner for digital television reception
- USB Direct plays photos and music from USB flash drives

Enjoy enhanced TV viewing

- Pause Live TV lets you take a break without missing a thing

PHILIPS
sense and simplicity

Specifications

Picture/Display

- **D/A converter:** 10 bit, 54 MHz
- **A/D converter:** 10 bit, 54 MHz
- **Picture enhancement:** Progressive Scan

Sound

- **D/A converter:** 24 bit, 192 kHz
- **A/D converter:** 24 bit, 192 kHz

Video Recording

- **Recording system:** NTSC
- **Compression formats:** MPEG2
- **Recording Modes:** High Quality (HQ), Standard Play (SP), Standard Play Plus (SPP), Long Play (LP), Extended Play (EP), Super Long Play (SLP)
- **Audio compression:** Dolby Digital

Video Playback

- **Playback Media:** CD-R/CD-RW, DVD+R/+RW, DVD-R/-RW, DVD-Video, Video CD/SVCD
- **Compression formats:** MPEG2, MPEG1, DivX 3.11, DivX 4.x, DivX 5.x, DivX 6.0

Audio Playback

- **Playback Media:** Audio CD, CD-R/RW
- **Compression format:** Dolby Digital, MP3, WMA

Still Picture Playback

- **Playback Media:** CD-R/RW, DVD+R/+RW, DVD-R/-RW
- **Picture compression format:** JPEG
- **Picture enhancement:** Flip photos, Rotate, Zoom

Storage Media

- **Hard Disk Capacity:** 160 GB
- **HDD recording enhancements:** Pause Live TV

Tuner/Reception/Transmission

- **TV system:** NTSC, ATSC

Connectivity

- **Front / Side connections:** Audio L/R in, CVBS in, i.LINK DV in (IEEE1394, 4-pin), USB 1.1
- **Rear Connections:** Analog audio Left/Right in, Component Video output, Composite video (CVBS) input, Composite video (CVBS) output, Digital coaxial out, S-Video out, Analog audio Left/Right out, HDMI output, RF ant / TVOut - w/o modulator, S-Video in

Convenience

- **Programming/Timer Enhancements:** Daily/Weekly Repeat Program, Manual Timer, One Touch Recording
- **Programmable Events:** 12
- **Programming Period:** 1 month

Power

- **Power supply:** 110V
- **Standby power consumption:** < 2.4W

Accessories

- **Included Accessories:** 2 x AAA Batteries, Quick start guide, Remote Control, User Manual, A/V Cable, RF cable, Warranty Leaflet
- **Remote Control I2NC:** Black Slim Sofa

Dimensions

- **Weight incl. Packaging:** 3.5 kg
- **Packaging dimensions (WxHxD):** 520 x 147 x 362 mm
- **Product dimensions (WxDxH):** 420 x 254 x 59 mm
- **Product weight:** 2.4 kg

Product highlights

Progressive Scan

Progressive Scan doubles the vertical resolution of the image resulting in a noticeably sharper picture. Instead of sending a field comprising the odd lines to the screen first, followed by the field with the even lines, both fields are written at one time. A full image is created instantaneously, using the maximum resolution. At such a speed, your eye perceives a sharper picture with no line structure.

Dual Media

Philips DVD Recorders support 'dual media' recording - the ability to create recordings on DVD+R/RW and DVD-R/RW discs. Now you can buy any disc and the Philips recorder will always create fully compatible recordings, which can be played by any DVD player.

i.LINK digital input

Also known as IEEE 1394 and FireWire. i.LINK is the worldwide standard for connecting digital video devices, used on digital home video equipment such as DV and D8 camcorders, as well as PCs. Conveniently, it carries all audio and video signals via a single cable. With i.LINK Digital Video input you can copy your home videos in their original digital picture quality.

Multi-media formats

Multi-format playability allows you to play most file formats for maximum listening and viewing pleasure, including MP3, WMA, JPEG and the popular DivX digital media format. DivX playback enables you to play and share compressed high quality DivX video content beyond your computer.

USB Direct

Simply plug your device into the USB port on your Philips DVD system. Your digital music and photos will be played directly from the device. Now you can share your favorite moments with family and friends.

Pause Live TV

A very large built-in memory records the program you are currently watching when you press the pause button. When it suits you, you can resume the program from the moment you pressed 'pause' as if you're watching a live program.
