DVD home theatre system

HTS9810

Not a home cinema, but a cinema at home

with 9.1 Cinema Sound

Be submerged in grand sound, picture and design. Bask in 9.1 Cinema Sound—powered by Ambisound—which gives you the ultimate cinematic listening experience at home. HTS9810 is sheer beauty and top performance for the movie connoisseur.

Hear

- 9.1 Cinema Sound for 9.1 surround sound from just 5 speakers
- Excellent sound quality with soft dome tweeters and DoubleBASS
- FullSound™ to bring a CD listening experience to MP3

Live

- Wireless rear speakers for fewer wires across your room
- Touch screen controls for easy playback and volume control
- Full length tower speakers for more impressive sound

See

- Faroudja DCDi for incredibly sharp high-quality video
- HDMI 1080p upscales to high definition for sharper pictures

Connect

- EasyLink controls all EasyLink products with a single remote
- Hi-Speed USB 2.0 Link plays video/music from USB flash drives
- MP3 Link plays music from portable media players

PHILIPS
sense and simplicity

Highlights

Faroudja DCDi

Enjoy incredibly sharp, high-quality video on your progressive scan TV with Faroudja DCDi. The feature alleviates jagged edges that appear when standard interlaced video is viewed, especially with moving images, thus delivering natural-looking action scenes. Bring your viewing experience to the next level with clearer, smoother pictures

9.1 Cinema Sound

9.1 Cinema Sound—powered by Ambisound—creates the ultimate all-around sound ambiance that modern cinemas provide. Without the clutter of a multitude of speakers, 9.1 Cinema Sound gives the incredible sense that there are speakers along the sides of the room. It recreates cinema sound right in your living room, delivering unparalleled surround sound that truly envelops you.

Wireless rear speakers

Wireless rear speakers give you scalability and mobility in speaker placement. Developed using interference-free technology, wireless speakers provide full surround sound without unsightly wire connections.

EasyLink

EasyLink lets you control multiple devices with one remote. It uses HDMI CEC industry-standard protocol to share functionality between devices through the HDMI cable. With one touch of a button, you can operate all your connected HDMI CEC-enabled equipment simultaneously. Functions like standby and play can now be carried out with absolute ease.

Hi-Speed USB 2.0 Link

The Universal Serial Bus or USB is a protocol standard that is conveniently used to link PCs, peripherals and consumer electronic equipment. Hi-Speed USB devices have a data transfer rate of up to 480 Mbps - up from the 12 Mbps of original USB devices. With Hi-Speed USB 2.0 Link, all you have to do is plug in your USB device, select the movie, music or photo and play away.

MP3 Link

MP3 Link allows playback of MP3 files directly from your portable media player on your home theatre system. Simply connect your portable MP3 player to the built-in MP3 Link jack and enjoy your MP3 music in the superior sound quality delivered by the Philips home theatre system. MP3 Link brings your portable music into the comfort of your living room.
