Product highlights

Nickel-Plated Connectors

Nickel-plated connectors establish a clean contact between the cable and connector for a reliable connection.

Bare copper shielding

Bare copper shielding protects against signal loss.

Color-coded connectors

Color coded connections make it easy to install your cable into the correct inputs and outputs

Plug and play

Plug and play offers easy installation of components without time-consuming installations.

Flexible PVC Jacket

Flexible PVC jacket provided protection to the delicate core of the cable. It also offers extended durability and ease of installation.

Molded plug

Molded plugs ensure secure connections between components and offer extended durability.

Rubber strain relief

Rubber strain relief provides a secure, yet flexible juncture between the cable and the plug.

Lead-free construction

Lead-free construction of environmentally friendly materials.

Quality construction

Quality construction uses only top grade materials to create products of extended durability.
