Pioneer *sound.vision.soul*

Works with Windows Vista™

DVR-112D (beige), DVR-112DBK (black) & DVR-112DSV (silver)

DVD-R/RW, DVD+R/+RW, and CD-R/RW Writer
Product Overview

OVERVIEW

The **DVR-112D** high speed DVD burner introduced by Pioneer enables computer users to create personal DVD movies, make digital photo slideshows, burn music CDs and back up your data files onto DVD-R, DVD-RW, +R and +RW discs with ease. It also works with dual layer discs, increasing the capacity of a disc from 4.7 to 8.5 gigabytes for even more storage space. The DVR-112D has a writing speed of **18x** for DVD-R/+R and **10x** for DVD-R/+R (DL).

- Dual/Double Layer recording provides nearly twice the capacity of a single layer recordable DVD-R (8.5 Gbytes vs. 4.7 Gbytes)

- Liquid Crystal Tilt/Blur Compensator plays and records to discs more reliably – the Pioneer technology that allows writing and reading of marginal quality discs

- Industry-Leading Drive Technology, provider of DVD-writable drives to computer manufacturers worldwide

- Compliant with Reduction of Hazardous Substances (RoHS) Directive and Waste Electrical and Electronic Equipment (WEEE) Directive.

SPECIFICATIONS FOR THE PIONEER DVR-112D ATAPI WRITER
