

27" (Diagonal) TruFlat™ Stereo Television

Features	Benefits
TruFlat™ Picture Tube	Reduces peripheral screen reflections & glare by over 60% compared to standard tubes. Offers a wider effective viewing area from any angle. Detail clarity adds realism.
One Set of Dual-Functional Rear Input Jacks That Can Be Used For Either a Composite (V+L+R) or Component (YPrPb) Connection	Simplifies connecting another device such as a DVD player or satellite receiver. Dual-functional inputs offer additional versatility.
Side Audio/Video Inputs with S-Video and Rear Audio/Video Outputs	Offer quick connect & disconnect of another device such as a digital camera or game system. A/V outputs simplify connection to an audio device or home theatre system.
Digital 3-Line Comb Filter	Separates black-and-white detail from color information to virtually eliminate edge crawls and rainbow effects while enhancing picture resolution.
Front Panel Lock	Allows disabling of front panel controls to prevent small children from changing settings.
Favorite Channel List	Allows selection of up to 5 channels to be programmed into a favorite list which is selectable with one button on the remote.
On-Screen Clock, Sleep, and Alarm Timers	TV can be programmed to turn on or turn off at preselected time periods for added convenience. Wake up to your favorite morning show.
