It is important to read this instruction prior to using your new product for the first time Es importante leer este manual antes de usar por vez primera su euipo.

External connections

This player can output sound and picture to external devices. To do so, slide the Function Switch on the left side of the player to the DVD position. Always switch off the player before connecting any devices.

Connect the black connector of the AV cable to the AV OUT jack of the player.

Connect the yellow (for video), red and white (for audio) connectors to the AV

white (for audio) connectors to the AV input jacks of the external device. For better sound output quality, connect a coaxial digital output cable (provided) to

the DIGITAL AUDIO OUT jack of the player and connect to the external device.

This player can also be used as a display for other devices, such as DVD player, game console etc. To do so, slide the Function Switch on the left side of the unit to the AV IN position. Alway switch off the player before connecting any

Connect the black connector of the AV cable to the AV IN jack of the player.

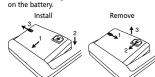

Connect the yellow (for video), red and white (for audio) connectors to the AV output jacks of the external device.

Power and connections

Connecting power adapter

- Connect the AC/DC or car power adapter to the power jack of the player. \odot Connect the other side of the
- power adapter with the wall plug or car power plug. Turn on the power. Disconnect the adapter if the set is not used for a period of time.

Using the battery Follow the illustrations below to install or remove the battery on the back of the player. Secure the battery with the lock and unlock slide

Charging the battery When the battery is low, the power/low battery indicator is red (instead of green). Connect the power adapter to the power jack of the player.

- Turn off the power to start charging.
- The battery charging indicator is red when charging and will turn green when the battery is fully charged.
 The battery cannot be charged while the player is being used.

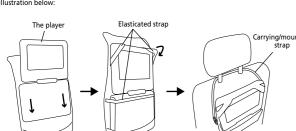

NOTE: The RBRC seal on the rechargeable battery used in your Thomson Inc product indicates that we are participating in a program to collect and recycle rechargeable batteries. For more information, go to the RBRC web site at <u>www.rbrc.org</u>, or call 1-800-822-8837, or contact a local recycling center.

More information

The regional code for your player is 1 (The U.S., U.S. Territories and Canada). Only DVD discs that have regional codes of 1 or ALL (for all regions) can be played by your player.
