FCC statements

CAUTION

INVISIBLE LASER RADIATION

WHEN OPEN AND INTERLOCKS

DEFEATED

AVOID EXPOSURE TO BEAM.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the ving measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help. Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

- While the DVD is playing, press the **REPEAT DISC** button until the "Repeat Off " indicator displays on the screen.

You can play a single track or the whole disc repeatedly.

Repeating a single track

1. While the CD is playing, press the REPEAT DISC button until the " Repeat One " indicator displays on the screen. The current track is played repeatedly.

Repeating the whole disc

While the CD is playing, press the **REPEAT DISC** button until the "Repeat All " indicator displays on the screen. The whole disc is played repeatedly.

To resume normal playback

While the CD is playing, press the **REPEAT DISC** button until the " Repeat Off " indicator displays on the screen.

Viewing JPEG files

This unit can play JPEG files recorded on a CD-R or CD-ROM disc (CD-RW is not recommended).

Viewing JPEG files

- Slide the OPEN knob rightwards to open the disc door.
- 2. Hold a JPEG file disc by its edges and gently push it onto the spindle with the label side facing up until you hear a "click". 3. Close the disc door. The JPEG files on the disc will display
- automatically or a folder list appears. 4. Press the **■STOP** button to display a folder list. Press the **▲**/▼ button to highlight a JPEG file to play. Press the **PLAY** button to start playback.
- 6
- You can press the **II PAUSE** button to freeze the picture. Press the **PLAY** button to resume picture slide show. You can press the I PREV or DI NEXT button to change the picture.
- You can press the ANGLE button to rotate direction of the picture by 90°
- Some discs may not permit this operation

Troubleshooting guide

Symptom	Cause (and remedy)			
No power.	 Ensure the AC power adapter is connected. The unit is not turned on. 			
The remote control does not function.	 Make sure the infrared remote sensor is not blocked. Make sure the plastic sheet has been removed from the remote control. Point the remote directly at the infrared remote sensor on the unit. Replace the battery in the remote control with a new one. 			
No sound or only a very low-level sound is heard.	 The volume control is located on the side of the unit – please try adjusting this. The system is in pause mode. Press the ▶ PLAY button to return to normal play mode. The unit is in fast-forward or fast-reverse mode. Press the ▶ PLAY button to return to normal play mode. Make sure the AUDIO/VIDEO output connections are correct. The DTS DVD cannot be decoded to have speaker output. The unit is too hot; shut off the unit for 30 minutes to cool it down. 			
No picture.	The region number of the disc doesn't match the region number of this unit.			
The picture is not clear.	 Clean the disc. The disc is scratched. Adjust the LCD's brightness and contrast using the VIDEO MODE button on the remote control. 			
	 The plugs and jacks are dirty. Wipe them with a cloth slightly moistened with alcohol. Clean the disc. 			
The disc does not play.	 There is no disc inside ("No Disc" appears on the screen). Insert the disc correctly with the playback side facing down. Clean the disc. A non-NTSC disc has been inserted. The unit and disc region number are incompatible. Condensation may have formed inside the unit due to a sudden change in temperature. Wait about an hour for it to clear and try again.

Repeating a specific section

- You can play a specific section repeatedly 1. While the disc is playing, press the **REPEAT A-B** button at the beginning of the section (" 🗁 🛛 " is displayed) you want to play repeatedly.
- Press the REPEAT A-B button again at the end of the section (" COAB " is displayed).
- 3. The unit will immediately begin replaying your coloction

To resume normal playback

While the disc is playing, press the **REPEAT A-B** button until the " AB OFF " indicator displays on the screen

Notes:

- Some discs may not permit A-B repeat operation. You cannot set the A-B repeat function for a
- segment that includes multiple camera angles. You can specify a segment only within the current title or track.
- There may be a slight difference between point A and the location where playback actually resumes depending on the disc
