It's important to read this instruction prior to using your new product for the first time.

Safety Precautions

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful rference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measure

- Reorient or relocate the receiving antenna. Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio / TV technician for help.

WARNING: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Connections and Setup

Connecting the Speakers

Speaker wires are color-coded to match the terminals. Connect the speaker wire from the back of each speaker to the corresponding color terminal at the back of the unit. Press down the tab to open the terminal and insert the wire. Release the tab to lock wire in the terminal.

When connecting the speakers, make sure the polarities ("+" speaker wire to "+" on the receiver) of speaker wires and terminals match. For example, red wire to red terminal on the receiver. If the cords are reversed, the sound will be distorted. Do not let the speaker wires touch each other, it will damage the system's amplifier

Additional Information

-25-

Precautions Use

- If your unit has been stored in a cool place for any length of time, during a journey for example, wait for about 2 hours before using
- The openings located on the top and bottom are for ventilation and must not be obstructed. · During thunderstorms, we recommend that you isolate the unit from the electrical supply so that it is not damaged by electrical or
- electromagnetic surges. This unit is designed for continuous use. Switching off the unit to standby mode does not disconnect it from the mains supply. To completely isolate the equipment, remove the plug from the mains jack as some components nain connected to the electrical supply. If you notice any burning or smoke, disconnect
- the unit immediately to avoid any risk of electrocution. Do not attempt to look inside the unit through the disk tray opening or any other opening.
- You may be electrocuted or exposed to laser This unit is for domestic use only and must not
- be used for industrial purposes. Total or partial copying of recordings protected by copyright legislation, without the explicit permission of the holder of the rights, contravenes current legislation. Copying or downloading music files for sale or any other business purpose constitutes or could constitute a violation of copyright law.

The Info Menu

1. Press INFO button twice for CD and three times for DVD. Select Sleep icon with the left/right arrow buttons. 2. Select one of the available options using the OK button : Off, 30, 60, 90 or 120 minutes.

Limited Warrantv

original consumer purchaser and is limited to non-commercial use of the product.

One Year Parts & Labor Warranty

AVC products purchased in the United States or Canada are warranted to be free from defects in materials or workmanship for a period of one year from the date of their original retail purchase. If the unit fails to conform to this warranty, we will service the product using new or refurbished parts and products, at AVC's sole discretion

During a period of one year from the effective warranty date. AVC will provide, when needed, service labor to repair a manufacturing defect at its designated Service Center. To obtain warranty service in the United States or Canada, you must first call our Customer Support Center at 1-800-506-5746 or 1-877-252-6873, during the hours listed in the box below. The determination of service will be made by AVC Customer Support, PLEASE DO NOT RETURN YOUR UNIT TO AVC WITHOUT PRIOR AUTHORIZATION. New or remanufactured replacements for defective parts or products will be used for repairs by AVC at its designated Service Center for one year from the effective warranty date. Such replacement parts or products are warranted for an additional one year from the date of repair or replacement. The Customer will be required to ship the unit to the Service Center indicated at the time Customer Support is contacted to make the necessary repairs. The customer is responsible for all transportation charges to the service facility.

Packaging and Shipping Instruction

When you send the product to the AVC service facility you must use the original carton box and packing material or an equivalent as designated by **AVC**.

Your Responsibility

- You must retain the original sale receipt to provide proof of purchase. (2) These warranties are effective only if the product is purchased and operated in the United States or Canada.
- (3) Warranties extend only to defects in material or workmanship, and do not extend to any product or parts which have been lost or discarded, or damage to product or parts caused by misuse, accident, improper operation or maintenance, or use in violation of instructions provided with the product or to product which has been altered or modified without authorization of AVC, or to products or parts thereof which have had the serial number removed or changed.
