

### Features

### Benefits

TruFlat™ Picture Tube

Reduces peripheral screen reflections & glare by over 60% compared to standard tubes. Offers a wider effective viewing area from any angle. Detail clarity adds realism.

Component Video Input (Y Pr Pb) on Rear Allows a Single Device with Y Pr Pb Outputs (such as a DVD Player, or a Satellite Receiver) to be Connected

Improves video quality by separating the signal into 3 video connectors. Provides more vibrant, sharper images compared to single video inputs.

Favorite List

Allows selection of up to 5 channels to be programmed into a favorite list which is selectable with one button on the remote.

Electronic On-Screen Notepad

Provides on-screen message reminder. Programmed message pops-up at selected time, or if no time selected, the next time TV is powered on.

Connections For One Rear L+R+V Device (when Component Video Input Unused), Plus One Set of Front L+R+V with S-Video

Simplifies connecting other components such as a home theatre system, game system, digital camera, DVD, etc.

Sound Logic™

Provides consistent volume levels throughout programming & channel changes. Eliminates annoying "blast" of sound during some commercial breaks.

On-Screen Clock, Sleep, and Wake Timers

TV can be programmed to turn on or turn off at preselected time periods for added convenience. Wake up to your favorite morning show.
