Caution

The lightning flash with arrowhead symbol, within an equilateral triangle is intended to alert the user to the presence of un-insulated "dangerous voltage" within the products enclosure that may be of sufficient magnitude to constitute a risk of electric shock to the persons.

The exclamation point within an equilateral triangle is intend to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the appliance.

Correct disposal of this Product

Waste Electrical & Electronic Equipment (WEEE)

Your product is designed and manufactured with high quality materials and components which can be recycled and reused.

This symbol means that electrical and electronic equipment, at their end-of-life, should be disposed of separately from your household waste.

Please dispose of this equipment at your local community waste collection/recycling centre.

In the European Union there are separate collection systems for used electrical and electronic products. Please help us to conserve the environment we live in!

Important Safety Precautions

- 1) Read these instructions.
- 2) Keep these instructions.
- 3) Heed all warnings.
- 4) Follow all instructions.
- 5) Do not use this apparatus near water.
- 6) Clean only with dry cloth.
- 7) Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
- 8) Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
- 9) Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade or the third prong are provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
- 10) Protect the power cord from being walked on or pinched particularly at Plugs, convenience receptacles, and the point where they exit from the apparatus.
- 11) Only use attachments /accessories specified by the manufacturer.
- 12) Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus. When a cart is used caution when moving the cart/apparatus combination to avoid injury tip-over.

- 13) Unplug this apparatus during lightning storms or when unused for long periods of time.

Caution:

- 14) To reduce the risk of fire or electric shock, do not expose this apparatus to rain or moisture.
- 15) The apparatus shall be disconnected from the mains by placing the power/standby switch in the standby position and unplugging the power cord of the apparatus from the AC mains receptacle.
- 16) The socket-out shall be installed near the equipment and shall be easily accessible.
- 17) This product should never be placed in a built-in installation such as a bookcase or rack unless proper ventilation is provided or the manufacture's instructions have been adhered to.
- 18) The apparatus shall not be exposed to dripping or splashing and that no objects filled with liquid, such as vases, shall be placed on the apparatus.
- 19) Do not place any sources of danger on the apparatus (e.g. liquid filled objects, lighted candles).
- 20) Wall or Ceiling Mounting - The appliance should be mounted to a wall or ceiling only as recommended by the manufacturer.
- 21)  Never place the TV, remote control or batteries near naked flames or other heat sources, including direct sunlight. To prevent the spread of fire, keep candles or other flames away from the TV, remote control and batteries at all times.
- 22) The USB terminal should be loaded with 0.5 A under normal operation.

These servicing instructions are for use by qualified service personnel only. To reduce the risk of electric shock do not perform any servicing other than that contained in the operating instructions, unless you are qualified to do so.

Desktop TV Bracket Installation & Assembly

INSTALLING / REMOVING THE BASE STAND

WARNING : The TV Display is very fragile and must be protected at all times when removing the base Stand.

Be sure that no hard or sharp object or anything that could scratch or damage the TV display comes into contact with it. Do NOT exert pressure on the front of the unit at any time because the screen could crack.

1. Disconnect all cables or cords connected to the unit.
2. Lay the unit down on a flat surface with the back side facing up. Please make sure to place a soft cushioned material(such as a pillow or thick piece of foam)beneath the screen.
3. To remove the base stand ,loosen screws off the holes then pull downwards to release the base stand.

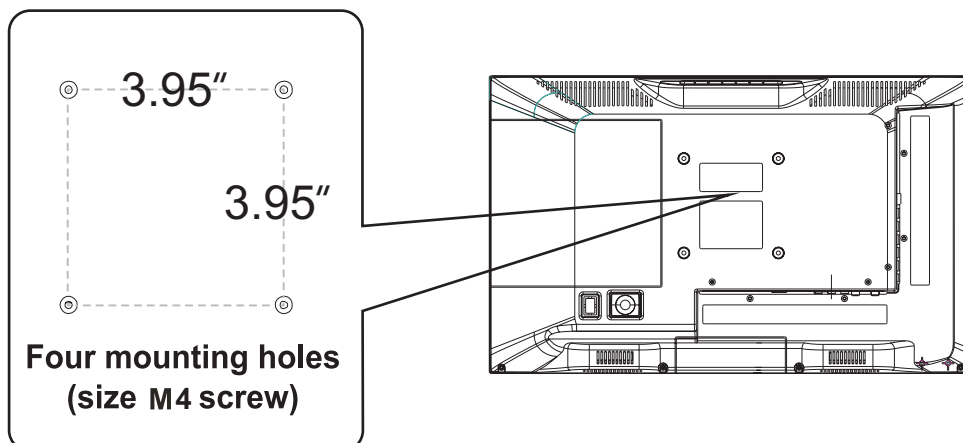

MOUNTING ON THE WALL

This unit is VESA-compliant, and is designed to be wall-mounted with a VESA-compliant 3.95" x 3.95" (100 mm x 100 mm) mounting kit designed for flat-panel TVs (not supplied). Mount this unit according to the instructions included in the mounting kit. Length of screw should not exceed 8 mm.

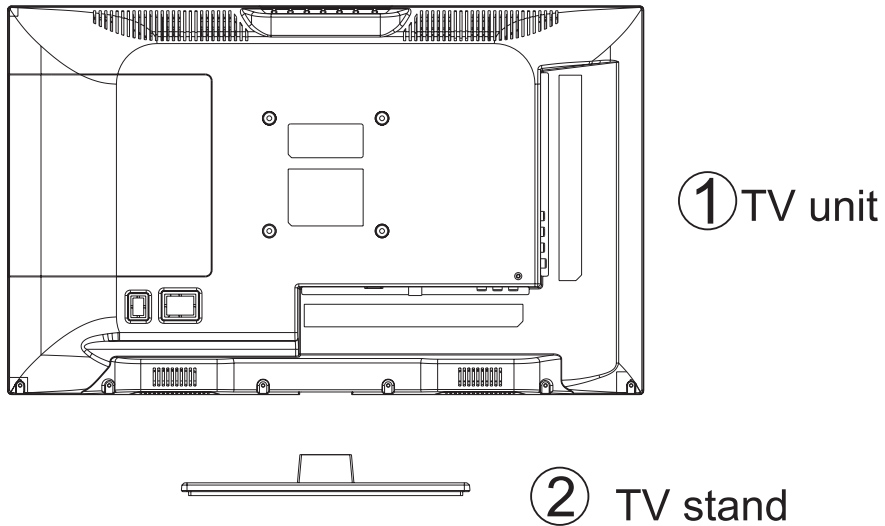

NOTE

Remove the base stand before mounting the unit on the wall.

Note: Instruction manual for the TV stand assembly.

1. Match the TV unit into the stand, then hold the TV stand, revolve and lock the tv unit tightly as the arrowhead point.

2. Fix the screws into the TV stand after installing the tv unit and tv stand.

Set your TV

To put your TV in a firm place which can bear the weight of the TV.

To avoid danger, please don't expose the TV near water or heating place (such as light, candle, heating machine), do not block the ventilation at the back of TV.

Connect Antenna and power

1. Connect the antenna cable to the antenna socket on the side of the LED TV and the your antenna socket.
2. To plug the power cord of TV

Turn On TV

3. Press the power button of the TV the indication light will turn to green. If the indicator is in standby mode (the light is red), press the power button on the remote control or top of the TV.

NOTE Picture for reference purposes only.

P.MODE : Press to cycle through the different picture settings

SLEEP : Select amount of time before TV turn off automatically.
MTS : Press to select the audio mode, you can select stereo, Mono, or SAP (second audio program).
GUIDE : Launches the EPG (Electronic Program Guide)

FAV
Set or cancel current channel to be a favourite channel.
FAV+ Down move Favourite program
FAV- Up move Favourite program

Universal remote code
This is the code for remote control of RLED2242A-WHITE, if you want to change to a universal remote control, you can edit this code into your universal remote control.

- (1) Open the battery compartment cover on the back side
- (2) Insert two 1.5V batteries of AAA type with correct polarity
- (3) Close the battery compartment cover on the back side

Universal Remote Control code: 007F
(Universal Remote control is not included)

SELECT INPUT SOURCE

Input Source

Press SOURCE to display the input source list.
Press ▲/▼ to select the input source and ENTER to confirm.

BASIC OPERATION

Main Menu

Press MENU to display the main menu or return to the previous menu or close the main menu.
Press ◀/▶ to highlight the desired menu icon, and press ENTER to select.

If no buttons are pressed, the menu will close automatically after about 10 seconds.

Main Menu Description

Function	Description
	<h3>Picture Menu</h3> <p>Adjust your picture settings. The operations are slightly different among different source. For details, see page 13 to 16.</p>
	<h3>Sound Menu</h3> <p>Adjust the sound settings. For details, see page 17 to 19.</p>
	<h3>Channel Menu</h3> <p>Customize your channel settings. For details, see page 20 to 23.</p>

Function

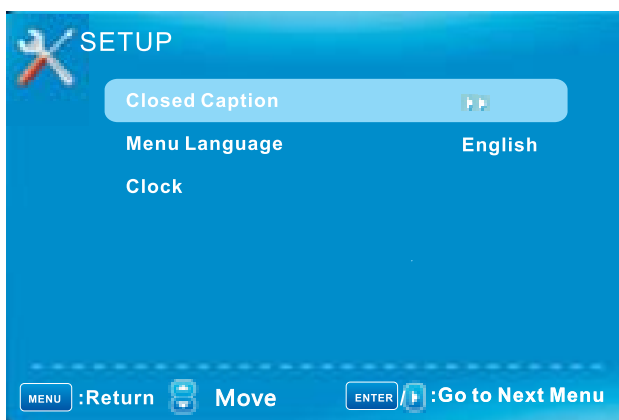

Description

Parental Control Menu

Set program rating control and input source, keypad lock function

For details, see page 24 to 28.

Setup Menu

Select closed caption options, language and time.

For details, see page 29 to 31.

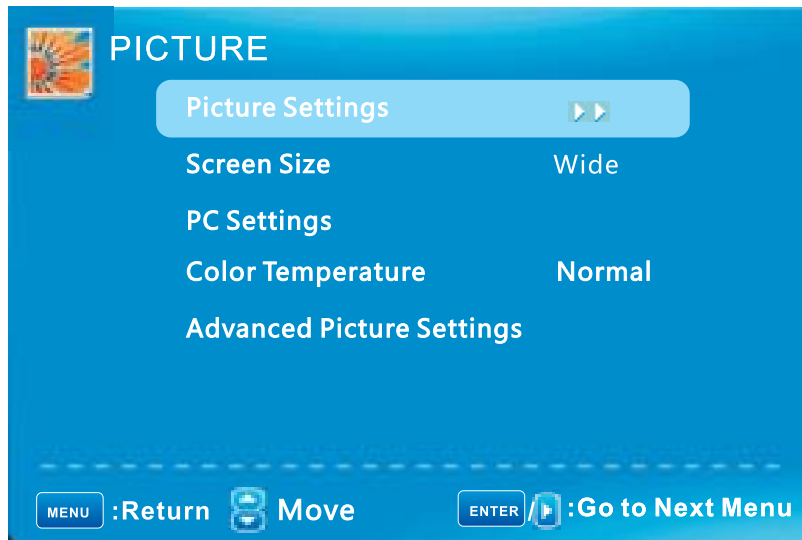

Other Menu

Set the OSD blue background, whether auto power off if no signal or no operation, clear all user settings, etc.

For details, see page 32.

Picture Menu

Press ▼/▲ to highlight one of the following options, then press ENTER or ► to enter next sub-menu to adjust it. Press EXIT to clear on-screen menu or MENU back to the previous menu.

Picture Settings Adjust the picture quality including brightness, contrast, color, tint, sharpness. For details, see page 12.

Screen Size Press ◀/▶ to select the display aspect ratio till the picture is fit onto the screen. The options are different according to different input source.

PC *Wide/Dot by Dot. Dot by Dot* means NOT any scaling to original input pixels size.

AV/YPbPr/HDMI/TV *Normal/Wide/Cinema/Zoom*. Generally each aspect ratio is suitable for one input format. For example *Normal* is suitable to watch common TV program. *Wide* will do horizontal scaling on the wide panel. *Cinema* is for the 2.39:1 (perhaps marked as 2.40:1 on the disc) film. *Zoom* is suitable to view the analog TV which has wide(16:9) content on the 16:9 panel.

PC Settings The item is available only for PC DB15 or PC DVI input mode, see page 15.

Color Temperature Press ◀/▶ to select the color temperature that you feel comfortable.

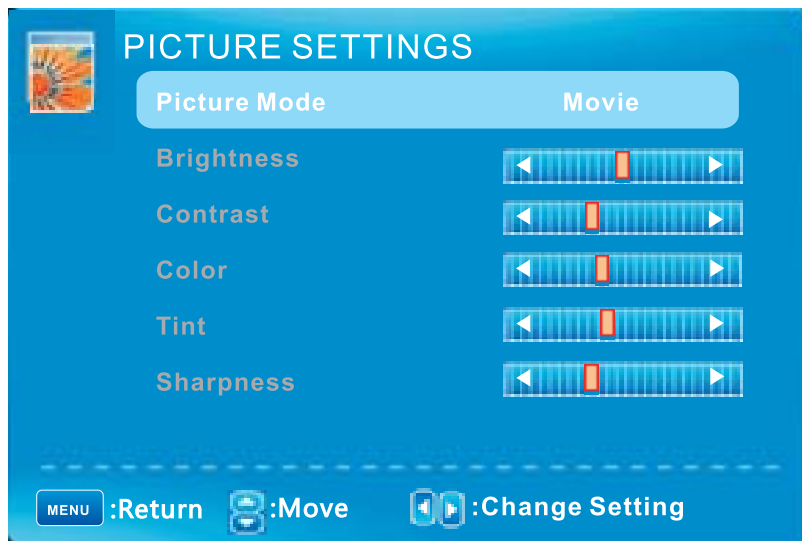

Normal Basically will be accepted by most people.

Cool means a high color temperature that will feel cool.

Warm means a low color temperature that will feel warm.

Advanced Picture Settings The item is some special picture feature, see page 16.

Based on your favorites about which frequency band need to be adjusted, make small adjustment with certain frequency band at a time. Suggest NOT making too large changes.

- 1 Set Mode to *User*.
- 2 Press ▼ to select the first(100Hz) item, then press ◀/▶ to select the band to be turned.
- 3 Press ▼/▲ to adjust the value.

Channel Menu

Note: The menu is available only at TV source.

Channel List You can view all the channels and choose one quickly. For details of setting, see page 21.

Favorite List All of your favorite channels are listed in this menu, and you can choose them quickly. For details of setting, see page 21.

Channel Setting Set the favorite channels, skipped channels, label of channels, see page 21.

Signal Type Set to *Air* or *Cable* according to your antenna source. When set to *Air*, TV can catch 8VSB broadcasting signal. When set to *Cable*, TV can catch analog and clear 64QAM/256QAM broadcasting signal.

Auto Channel Search Highlight and press ENTER to start the auto searching, see page 22.

Channel List

"ABC" : Label of the Channel .

Press ▼/▲ to highlight a channel and press ENTER to view it.

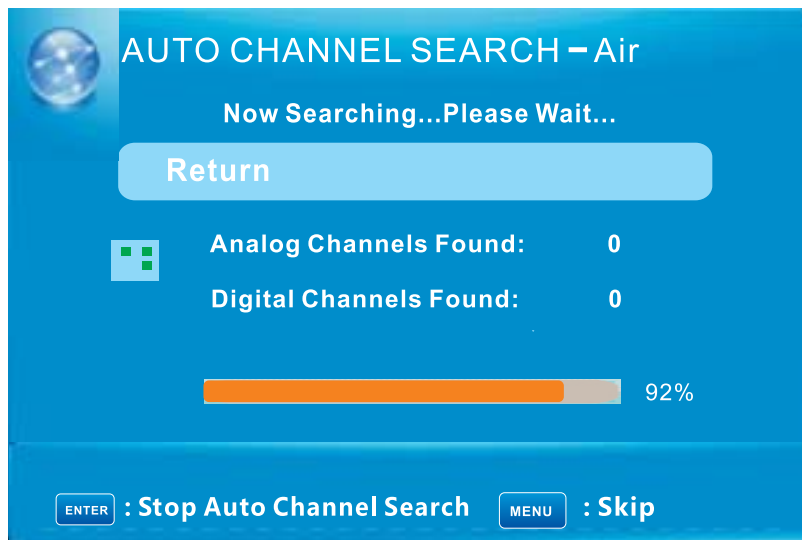

Favorite List

The list shows channels that you set as favorite.

See " Channel Settings" on page 21 to understand how to set channels be favorite.

Auto Channel Search

It will search analog channels first, then digital channels.

Before execute auto channel search, please confirm your antenna type is *Air* or *Cable*. Wrong setting of *Signal Type* maybe cause finding no channel. Found numbers do not include encryption programs.

Channel Settings

Skip Set the channel to be skipped when using CH+/Ch- to view channels.

Favorite Set the channel to your favorite list.

Label Rename label of the channel.

Change the settings

Skip & Favorite

- 1 Press ▼/▲ to select the channel you want to set.
- 2 Press ◀/▶ to highlight corresponding item, and press ENTER to set or cancel.

Label

- 1 Press ▼/▲ to select the channel and ENTER to enter the edit state.
- 2 Press ▼/▲ to select the character, press ◀/▶ to move the cursor. Total seven letters.

Parental Control

Note: The default user password is "0000" , and if forget what you set, try "1470" .

Lock Parental Control The following items are only available if the password input is correct.

V-CHIP Include below settings:

US V-Chip Rating system used at USA. See page 25.

Canada V-Chip Rating system used at Canada. See page 27.

Block UnRated Show Control whether lock the program that have not any valid rating flag.

Downloadable Rating Control the RRT5 setting which are valid only at some digital cable channels.

Clear Downloadable Data Select to clear the previous downloadable rating data.

Change Password Page 28.

Keypad Lock Set to prevent it from being used by young children, or other unexpected usage.

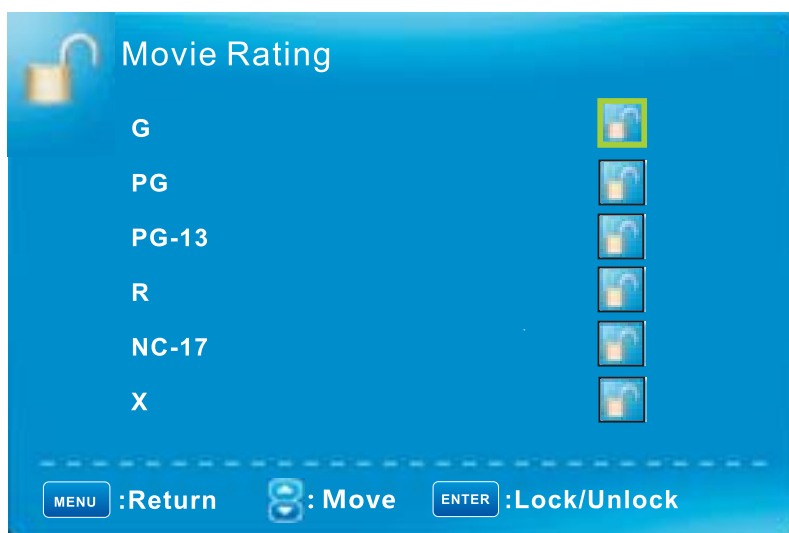

Source Lock Set to lock the using of specified source.

US V-CHIP

For the United States, the rating setting basically include the following options: Movie Rating, TV Rating. (For Canada, see page 27)

Moive Rating

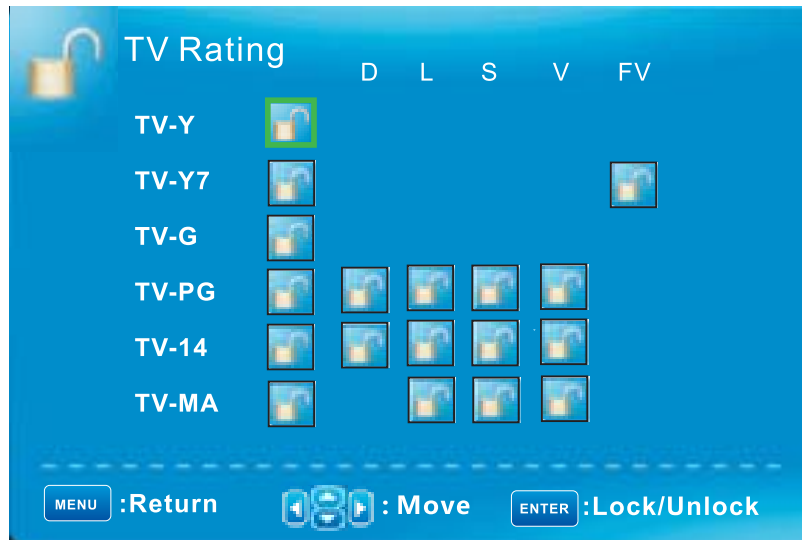

This system defines the rating control which come from MPAA rules.

Rating	Define
G	General audience. All ages admitted.
PG	Parental guidance suggested. Some material may not be suitable for children.
PG-13	Parents strongly cautioned. Some material may be inappropriate for children under 13.
R	Restricted. Children under 17 require accompanying parent or adult guardian.
NC-17	No one 17 and under admitted.
X	Adult audience only.

TV Rating

The TV rating compose of two aspects: age-based and content-based.

Age	Define
TV-Y	General audience
TV-Y7	Parental guidance suggested
TV-G	Parents strongly cautioned
TV-PG	Retricted
TV-14	No one 17 and under admitted
TV-MA	Adult audience only

Content	Define
FV	Fantasy violence
D	Suggestive dialogue
L	Strong language
S	Sexual situations
V	Violence

Note: The content ratings will increase depending on the level of the age-based rating. For example, a program with a TV-PG V(violence) rating may contain moderate violence, while a TV-14 V(violence) rating may contain intense violence. So locking a higher level option will automatically cause locking the options that has more sensitive level.

Canada V-CHIP

For Canada, the rating setting include the following options: English Rating, French Rating. (For the United States, see page 24)

English Rating

These ratings are for programs which are using English rating system.

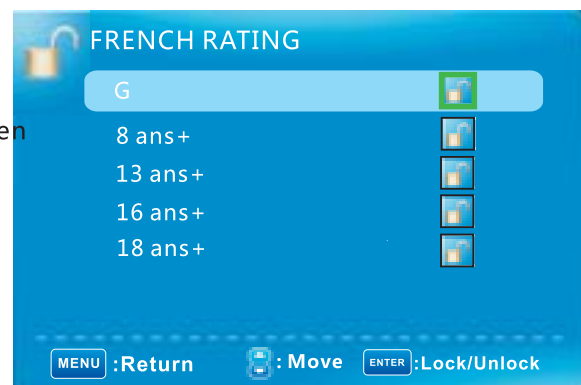

Rating	Defined as
C	Children
C8+	Children 8 years and older
G	General programming
PG	Parental guidance
14+	Viewers 14 and older
18+	Adult programming

French Rating

The ratings are for programs which are using French rating system.

Rating	Defined as
G	General
8 ans+	Not recommended for younger children
13 ans+	Not recommended for children under age 13
16 ans+	Not recommended for ages under 16
18 ans+	This program is restricted to adults

Change Password

The image shows a blue screen titled "Change Password" with a lock icon. It features three rows of input fields, each with four black boxes for digits. The first row is labeled "Old Pin", the second "New Pin", and the third "Confirm". At the bottom, there are two buttons: "ENTER :Return" and "0-9 : Enter Password".

At first you should enter the correct old password then enter new password twice. If you lost your password, try to enter "1470".

Setup Menu

Closed Caption(CC) Include below options:

Caption Display Display or hide the CC .

Analog Caption Type Select from below closed-caption modes for analog programs.

CC1,2,3,4 Displays corresponding caption channel of a analog program.(Usually be set to CC1 for most programs.)

Text1,2,3,4 Displays corresponding text service channel of a analog program.

Digital Caption Type Applies only to digital channels with closed caption.

Service1,2,3,4,5,6 These are different service data channels.
