

24" (Diagonal) TruFlat™
TV/DVD/VHS Combo with mp3,
JPEG & WMA Compatibility

Features

TruFlat™ Picture Tube

Plays DVD Discs, Audio CDs, and CD-R plus mp3, JPEG, and WMA Files

4-Head Stereo HI-Fi VHS

Comb Filter

Stereo Front and Rear Audio/Video Inputs with Digital Audio Output

Dolby Digital² and DTS³ Compatible (with Dolby Digital² ready audio equipment^{2*})

Low Noise Pre-Amplifier

Benefits

Reduces peripheral screen reflections & glare by over 60% compared to standard tubes. Offers a wider effective viewing area from any angle. Detail clarity adds realism.

Allows wide compatibility and provides quick access combined with low-noise decoding.

Incredible stereo audio reproduction. Two of the four high speed rotating audio heads helically scan the video tape to create stereo sound with dramatic range.

Separates black-and-white detail from color information to virtually eliminate edge crawls and rainbow effects while enhancing picture resolution.

Simplifies connecting other components such as a home audio system, game system, digital camera, etc.

Plays full 6-channel 5.1 channel audio via the optical digital output. Full 2-channel Dolby² Pro Logic down mix for full compatibility with Pro Logic audio equipment.

Minimizes both audio and video noise. Pre-recorded movies sound richer, clearer, and more distinctive.
