Ricoh® Aficio SP 9100DN

Get the job out right—the way you need it.

The RICOH® Aficio™ SP 9100DN was designed to get the job done right—on time, every time. It prints at a fast 75 pages per minute. Plus, it gives you all the networking and finishing options you need to make it easy to print your documents the way you need them.

High-Volume Black & White Printer

Get the most out of your documents.

Up to five different easy-access paper trays and a maximum 8,200-sheet capacity will make it seem like you'll never run out of paper. Print everything from 5.5" x 8.5" to 11" x 17" sheets on 16 lb. to 34 lb. stock with speed and ease. Or take advantage of the optional large capacity tray which allows you to print on up to 100 lb. Index while the straight paper path outputs mass quantities with ease.

Make the most of your time.

The Ricoh SP 9100DN comes with all the utilities you need to maximize productivity.

- Configure printer settings, check printer status and select finishing options remotely via any standard Web browser with WebImageMonitor™.
- Organize your files, create notes, or combine documents from different applications into a single file for easy printing with DeskTopBinder™.
- Minimize trips to the printer and maintain document security by using Hold Print to store confidential jobs for on-demand output.
- Save filing space with Stored Print, which stores frequently printed documents and forms on the system for printing at your convenience.
- Print duplex pages at nearly 100% of simplex speed with standard stackless duplexing.
- Reduce traffic on the network with PDF Direct Print, which sends files directly to the printer in PDF format.

Finish strong.

The Ricoh SP 9100DN's optional finishers and wide array of automatic capabilities allow you to create professional-looking proposals, pamphlets, flyers and booklets in-house, on a streamlined budget.

- Collate and staple up to 100 sheets easily with the SR842 Stapling Finisher.
- Add thick-stock covers automatically with the Cover Interposer.
- Maximize productivity by creating professional-looking manuals and informational booklets with the Saddle Stitch Finisher.
- Ensure that holes are punched in precisely the right spot using the Reactive Punch Unit, which automatically and correctly positions paper prior to punching.

Keep jobs running smoothly.

Process multiple jobs in networked environments with the Ricoh SP 9100DN's powerful next-generation controller. This super-fast, 866MHz controller also delivers enhanced security features:

- Prevent sensitive prints from being left in output trays with Locked Print, which requires a password to be entered at the printer prior to printing confidential materials.
- Ensure that information remains secure while printing through the network with Encryption.

Create seamless connections.

Networking is easy thanks to standard Ethernet 10/100base TX and USB 2.0 interfaces. And the latest Page Description Languages make it easy to work with all the popular business and graphics applications.

Produce professional booklets, presentations and tabs with an array of finishing options.

Maximize running time and reduce user intervention with an 8,200-sheet paper capacity.

Your environmental partner.

This energy-saving system continues a longstanding commitment to developing environmentally-friendly office solutions with superior energy- and supply-saving features, including:

- Power-saving Sleep modes
- Paper Saving Duplex Mode
- Toner Recycling
- Low Noise Level
- Minimal Ozone Emission
- Restriction of Hazardous Substance (RoHS)
