For AUSTRALIA User

WARNING

- * Unit shall be connected to the Telecommunications Network through line cord, which meets the requirements of AS/ACIFS008.
- * This card must be used with the PC screw down lid.
- * Telecommunications network voltages exist inside the PC and Telecommunication line connection shall be removed before opening the cover.
- * For safety reasons, only connect equipment with a Telecommunications compliance label. This includes customer equipment previously labelled permitted or certified.
- * Disconnect from telephone line before opening the PC cover.

CAUTION

* Only connect Australian approved equipment to the Telecommunications Network Voltage circuit ports.
