around your home or business

## StyleCam™ Security Camera

Versatile viewing for home or business

The Swann StyleCam™ is a versatile security solution that suits both indoor and outdoor applications. Providing clear color images during the day, the camera automatically switches to black & white mode at night, while the infra-red LEDs project invisible light up to 16ft (5m)! Now, you can monitor your premises at night or keep an eye on areas such as stairwells, secluded corners or alleyways that usually have little light!
