

# Sherwood Audio Receiver BT-R7 with Bluetooth® wireless technology

Thank you for purchasing this audio receiver with Bluetooth wireless technology. You can enjoy music wirelessly with a music player featuring Bluetooth wireless technology such as MP3 player, mobile phone, etc., if this unit is connected to Sherwood compatible receiver or amplifier such as RD-6503, RD-6513, RX-4503, RX-773, etc.. (For information on Sherwood compatible receivers or amplifiers, contact your dealer.)

This unit supports the Bluetooth wireless technology specification version 1.2 and A2DP

(Advanced Audio Distribution Profile : Transmitting or receiving audio content of high-quality). • The music player featuring Bluetooth wireless technology is required to support A2DP, too.

## WARNING

To reduce the risk of fire or electric shock, do not expose this appliance to rain or moisture.

To reduce the risk of electric shock, do not remove cover(or back). No user-

serviceable parts inside. Refer servicing to qualified service personnel.

For heat dispersal, do not install this unit in a confined space such as a bookcase or similar enclosure.

To reduce the risk of fire, do not cover the ventilation of the apparatus with newspapers, tablecloths, curtains, etc. And do not place lighted candles on the apparatus.

To reduce the risk of fire or electric shock, do not place objects filled with liquids, such as vases, on the apparatus.

### Caution

- · Do not drop, hit or otherwise expose this unit to strong shock of any kind.
- · Do not disassemble or modify the unit in any way
- · Avoid installation in extremely hot or cold locations, or in an area that is exposed to direct sunlight or heating equipment
- · Keep the unit free from moisture, water, and dust.
- · Do not let foreign objects in the unit.
- · Do not let insecticides, benzene, and thinner come in contact with the unit.

#### Note on recycling (For EUROPE)

This product's packaging materials are recyclable and can be reused. Please dispose of any materials in accordance with the local recycling . regulations.

When discarding the unit, comply with local rules or regulations. Batteries should never be thrown away or incinerated but disposed of in accordance with the local regulations concerning chemical waste. This product and the accessories packed together constitute the applicable product according to the WEEE directive except batteries.

#### Pairing with a device featuring Bluetooth wireless technology

- · Devices featuring Bluetooth wireless technology need to be paired with each other beforehand.
- · Once devices are paired, there is no need for pairing again, except in following cases: Pairing information between this unit and the device is deleted.
- \* This unit is paired with a new device.
- 1. Connect this unit to your Sherwood compatible receiver or amplifie
- Then the LED of this unit will blink. 2. Place this unit and the device to be paired
- together within 1 meter (3 ft). 3. Perform the pairing procedure on the device.
- (For details, see the operating instructions of the device.)
- Note: Passcode of this unit is fixed at "0000". Depending on the device, it may be necessary to input the passcode(in this case, "0000").
- 4. If the pairing is successful, the LED of this unit will light up.
- · If the LED of this unit blinks, repeat the procedure from the step 2.

#### Troubleshooting

If you run into any problems using this unit, check the following list.

Should any problem persists, consult your dealer.

- · Pairing cannot be done - Bring this unit and the device closer together.
- · Wireless connection featuring Bluetooth technology cannot be established.
- Check that the device is turned on and the corresponding function is on.
- Pairing information may be deleted. Try pairing again.
- · No sound or distorted sound
- Check that the device supports A2DP (Advanced Audio Distribution Profile).
- If a device that generates electromagnetic radiation such as a wireless LAN, other device featuring Bluetooth wireless technology or a microwave oven
- is nearby, move away from such sources. Remove any obstacle between this unit and the
- device.

# Listening to the music

- You can listen to the music of the device featuring Bluetooth wireless technology on the Sherwood compatible receiver or amplifier to which this unit is connected.
- 1. Connect this unit to your Sherwood compatible receiver or amplifier
- Then the LED of this unit will blink 2. Select the input source on your receiver or amplifier.
- 3. Start playback on the device.
- If the wireless connection featuring *Bluetooth* technology between this unit and the device is established, the LED of this unit lights up and the sound is heard.
- · Bluetooth wireless technology operates within a range of about 10 meters (33 ft). Maximum communication range may vary depending on obstacles (person, metal, wall, etc.) or electromagnetic environment.

#### Notes:

- If the wireless connection featuring Bluetooth technology cannot be established with the device
- paired already, try pairing again. We do not take any responsibility for leakage of
- information during communication.
- Connection with all devices featuring Bluetooth wireless technology cannot be guaranteed.
- Depending on the device, communication may take some time.

#### Specifications

- Maximum Communication Range :
- Approximately 10 m ( 33 ft)
- Frequency Band : 2.4000 GHz ~ 2.4835 GHz
- Terminals : 24 pin
- Frequency Response, 100 Hz ~ 15 kHz :  $\pm 3 \text{ dB}$  • Signal to Noise Ratio : 85 dB
- RF Level : -30 dBm≦
