CableFREE™ Series
NetBlaster II™ PC Card

NCP110

11 Mbps Wireless Networking

A wireless PC card to connect your notebook or laptop computer to a network at Ethernet speeds without cables. From the company who pioneered wireless broadband networking, the CableFREE series is now available in high speed, 11 Mbps connectivity. Share the Internet and your network resources in your home or office - with complete mobility.

Features & Benefits

✔ **Fast, Cable Free Way to Share a Broadband Connection**
The NetBlaster II PC card, equipped with the industry's most robust wireless antenna, allows your laptop PC to share Internet access, printers, files and other network resources with maximum quality signal reception - from anywhere in your home or office. Network computers in a peer-to-peer fashion with 1 other PC, or through the NetBlaster II hub with up to 128 PCs.

✔ **11 Mbps Data Rate High Speed Networking**
The NetBlaster II PC card runs with data-intensive applications like MP3, multimedia, gaming, and streaming video/audio - even through walls, floors and ceilings. You get Ethernet quality networking without wires or cables - ideal for standard networking requirements.

✔ **Interoperable With Any 802.11b Compliant Devices**
The NetBlaster II fully complies with IEEE 802.11b protocol, allowing full interoperability with any wireless product that is similarly certified.

✔ **Simple Installation Wizard Makes Installing Hassle-Free**
Intuitive set-up program eliminates configuration hassles. Whether you're computer savvy or a novice, you'll appreciate how the software wizard guides you to a fast and easy hook up.

✔ **Unique CableFREE Utility With "Network Hopper"**
This suite of utility programs will help you set up, monitor and manage resources on your wireless network. Plus, the Network Hopper function allows you to quickly switch between home and office networks without reconfiguring your PC - a time saver!

✔ **WEP Security to Insure Privacy**
Supports standard 40 bit WEP encryption (Wired Equivalent Privacy), which ensures that your network signal is secure and private within and without your home or office.

✔ **Customer Service To Assure You Succeed**
SOHOware supports you with toll free 24/7 technical support and on-line help information.

Specifications

Data Rate	11 / 5.5 / 2 / 1 Mbps (auto fall back)
Standard	IEEE 802.11b
Interface	PCMCIA type II
Range	150 - 500 feet (inside), 1000 - 1600 feet (outside)
Frequency	2.4 GHz
Signal Type	Direct Sequence Spread Spectrum (DSSS)
Antenna	Integrated type with dual antennas and diversity
Protocols Support	TCP/IP, NetBEUI, IPX
Security	WEP data encryption (40 bit)
LED Indicator	Activity
OS Support	Windows 95/98/NT/2000/ME (driver support)
Power Consumption	Transmit 350 mA/5 V, Receive 220 mA/5 V
Operating Environment	0-50 degrees C (32-125 deg F), 0-85% Humidity
Certification	FCC Class B, CE, ETS300-328/826, ARIB Std-T66
Warranty	One year limited

What You Get

- ✔ One NetBlaster II PC card with built-in antenna
- ✔ One CableFREE Utility (CD ROM)
- ✔ One Quick Installation Guide
- ✔ One User's Guide
- ✔ Toll free 24/7 technical support and on-line help
- ✔ One year limited Warranty

What You Need

- ✔ Notebook or laptop computer with PCMCIA slot available
- ✔ A Windows operating system
- ✔ NetBlaster II wireless hub connected to a network,
  -or-
- ✔ Another computer with a NetBlaster II adaptor card installed

Application Scenario

Internet
Cable/DSL Modem
NetBlaster II
Desktop
(NetBlaster II Wireless PCI Card Installed)
Notebook
(NetBlaster II Wireless PC Card Installed)
