SONY®

LIMITED WARRANTY (U.S. Only)

Sony Electronics Inc. ("Sony") warrants this product against defects in material or workmanship for the time periods and as set forth below. Pursuant to this Limited Warranty, Sony will, at its option, (i) repair the product using new or refurbished parts or (ii) replace the product with a new or refurbished product. For purposes of this Limited Warranty, "refurbished" means a product or part that has been returned to its original specifications. In the event of a defect, these are your exclusive remedies.

Labor: For a period of one (1) year from the original date of purchase of the product ("Labor Warranty"), Sony will, at its option, repair or replace with new or refurbished product, product determined to be defective. If Sony elects to replace the product after this Labor Warranty has expired but while the Parts Warranty below is still in effect, it will do so for the applicable labor charge.

Parts: For a period of one (1) year from the original date of purchase of product ("Parts Warranty"), Sony will supply new or refurbished replacement parts in exchange for parts determined to be defective.

This Limited Warranty covers only the hardware components packaged with the Product. It does not cover technical assistance for hardware or software usage and it does not cover any software products whether or not contained in the Product; any such software is provided "AS IS" unless expressly provided for in any enclosed software Limited Warranty. Please refer to the End User License Agreements included with the Product for your rights and white stepach to the software Island State of the End User License Agreements included with the Product for your rights and white stepach to the software Island State of the Island

Instructions: To obtain warranty service, you must deliver the product, freight prepaid, in either its original packaging or packaging affording an equal degree of protection to the Sony authorized service facility specified. It is your responsibility to backup any data, software or other materials you may have stored or preserved on your unit. It is likely that such data, software, or other materials will be lost or reformatted during service and Sony will not be responsible for any such damage or loss. A dated purchase receipt is required. For specific instructions on how to obtain warranty service for your product,

Visit Sony's Web Site:

Or call the Sony Customer Information Service Center 1-800-222-SONY (7669)

For an accessory or part not available from your authorized dealer, call

1-800-488-SONY (7669)

Repair / Replacement Warranty: This Limited Warranty shall apply to any repair, replacement part or replacement product for the remainder of the original Limited Warranty period or for ninety (90) days, whichever is longer. Any parts or product replaced under this Limited Warranty will become the property of Sony.

This Limited Warranty only covers product issues caused by defects in material or workmanship during ordinary consumer use; it does not cover product issues caused by any other reason, including but not limited to product issues due to commercial use, acts of God, misuse, limitations of technology, or modification of or to any part of the Sony product. This Limited Warranty does not cover Sony products sold AS IS or WITH ALL FAULTS or consumables (such as fuses or batteries). This Limited Warranty is invalid if the factory-applied serial number has been altered or removed from the product. This Limited Warranty is valid only in the United States.

LIMITATION ON DAMAGES: SONY SHALL NOT BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES FOR BREACH OF ANY EXPRESS OR IMPLIED WARRANTY ON THIS PRODUC

DURATION OF IMPLIED WARRANTIES: EXCEPT TO THE EXTENT PROHIBITED BY APPLICABLE LAW ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE ON THIS PRODUCT IS LIMITED IN DURATION TO THE DURATION OF THIS WARRANTY.

Some states do not allow the exclusion or limitation of incidental or consequential damages, or allow limitations on how long an implied warranty lasts, so the above limitations or exclusions may not apply to you. This Limited Warranty gives you specific legal rights and you may have other rights which vary from state to state.

This unit includes a preinstalled Sony Lithium battery (CR2032) as back-up power source for the clock, which is preset to EST/EDT (Eastern Standard Time/Daylight Time) at the factory. And this battery is considered part of the production

Owner's Record 3-272-042-11(2)

WARNING

To reduce the risk of fire or electric shock, do not expose this apparatus to rain or moisture. To reduce the risk of electrical shock, do not open the cabinet. Refer servicing to qualified personnel only.

To reduce the risk of fire, do not cover the ventilation

of the apparatus with newspapers, tablecloths, curtains, etc. And do not place lighted candles on the

The apparatus shall not be exposed to dripping or splashing and that no objects filled with liquids, such as vases, shall be placed on the apparatus.

Do not install the appliance in a confined space, such as a bookcase or built-in cabinet.

As the main plug is used to disconnect the unit from the mains, connect the unit to an easily accessible AC outlet. Should you notice an abnormality in the unit, disconnect the main plug from the AC outlet

You are cautioned that any changes or modifications not expressly approved in this manual could void your authority to operate this equipment.

CAUTION: TO REDUCE THE RISK OF ELECTRIC SHOCK DO NOT REMOVE COVER (OR BACK)

NO USER-SERVICEABLE PARTS INSIDE REFER SERVICING TO QUALIFIED SERVICE PERSONNE

This symbol is intended to alert the user to the presence of uninsulated "dangerous voltage" within the product's enclosure that may be of sufficient magnitude to constitute a risk of electric shock to persons

This symbol is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the appliance.

INFORMATION

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following

- Reorient or relocate the receiving antenna
- Increase the separation between the equipment
- Connect the equipment into an outlet on a circuit different from that to which the receiver
- Consult the dealer or an experienced radio/TV technician for help.

- · Danger of explosion if battery is incorrectly replaced. Replace only with the same or equivalent
- Replace the battery for the clock backup with a Sony CR2032 lithium battery, and the battery for the remote commander with a Sony CR2025 lithium pattery. Use of another battery may present a risk of fire or explosion
- Battery may explode if mistreated. Do not recharge,
- disassemble or dispose of in fire. • Do not expose the battery to excessive heat such as
- Dispose of used battery promptly. Keep away from

Important Safety Instructions

- 1) Read these instructio 2) Keep these instructions
- 3) Heed all warnings.
- 4) Follow all instructions

- 5) Do not use this apparatus near water.
- 6) Clean only with dry cloth.
- 7) Do not block any ventilation openings Install in accordance with the manufacturer's
- 8) Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
- 9) Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade or the third prong are provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
- 10) Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the
- 12) Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus. When a cart is used, use caution when moving the cart/apparatus combination to avoid injury from tip-over.

- 13) Unplug this apparatus during lightning storms or when unused for long periods of time.
- 14) Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture does not operate normally, or has been dropped

Playing the radio -Manual Tuning

1 Press RADIO ON to turn on the radio. The display shows the band and frequency.

2 Press **RADIO ON** repeatedly to select the desired band. Each press changes the band as follows:

FM1 and FM2 are the same frequency bands.

3 Use **TUNING** + or – to tune into the desired station.

The FM frequency advances or reverses in 0.1 MHz channel steps and the AM frequency in 10 kHz channel steps

4 Adjust volume using **VOLUME**.

To turn off the radio, press OFF.

Improving the Reception

Extend the FM wire antenna fully to increase reception sensitivity.
Connect the supplied AM loop antenna to the unit. Rotate the antenna horizontally

Keep away iPod from the AM loop antenna or the FM wire antenna, as this may lead to interference of reception.

If the FM broadcast is noisy, press **FM MODE** on the remote commander to turn off "STEREO" in the display. The radio becomes clearer although the sound

Presetting Your Favourite Station

—Preset Tuning

You can preset up to 10 stations in FM (5 stations in FM1, 5 stations in FM2), and 5 stations in AM.

Presetting a Station

- 1 Follow steps 1 to 4 in "Playing the Radio" and manually tune into the station you wish to preset.
- **2** Press and hold the desired **PRESET TUNING** button for more than two seconds for registration. After the preset has finished, the preset number

appears on the display. **Example:** To preset AM 1 260 kHz onto preset

a few seconds after

To preset another station, repeat these steps To change the preset station, tune into the desired station and hold down the **PRESET TUNING 1** to 5 button. The new station will replace the previous station on the preset button.

Tuning into a preset station

- 1 Press RADIO ON to turn on the radio.
- **2** Press one of the **PRESET TUNING** buttons where the desired station is stored
- **3** Adjust volume using **VOLUME**.

Setting the alarm

The dual alarm function allows you to set two alarm programs (ALARM A and ALARM B). The alarm time can be set for each program and the alarm sound is selectable from RADIO, BUZZER or

- Before setting the alarm, make sure to set the clock (see "Setting the clock and date").
- The factory setting alarm time is "AM 12:00".
- To set the radio alarm, first tune in to a station (see "Playing the radio").

To set the alarm time

- 1 Press ALARM SET A for a few seconds.
- **2** Press **TIME SET +/-** to set the desired hour, and press ALARM SET A.
- 3 Press TIME SET +/- to set the desired minute, and press ALARM SET A.
- 4 Press TIME SET +/- to set the desired alarm mode (RADIO, BUZZER or iPod) and press ALARM SET A.
- **5** If you select the RADIO or iPod, press TIME SET +/- to set the wake up volume and press **ALARM SET A**.

To set **ALARM B**, follow the same steps above using **ALARM B** instead of **ALARM A**.

To change the display between **ALARM TIME A** and ALARM TIME B, press TIME ZONE/ALARM DISPLAY.

- Notes
 When you use the radio alarm, the timed alarm sounds with the last broadcasting station tuned to before the power went off. When you set the radio alarm, select the desired broadcasting station before turning the power off.
- The ALARM A (or B) indicator flashes in the display when the alarm sounds.
- If a second alarm sounds during a first (or the **SNOOZE** function is active), the second alarm takes
- The alarm function works as usual at the beginning and end day of the daylight saving time (summer time). While the Automatic DST/Summer Time adjustment is set, as a result, if the alarm is set at a time skipped when the daylight saving time (summ time) begins, the alarm is skipped, or if the alarm is set at a time overlapped when the daylight saving time (summer time) ends, the alarm sounds twice
- . If the same alarm time is set for both alarm (ALARM A and B), the ALARM A takes priority.

To activate the alarm

After setting the alarm time, follow these steps To activate the **ALARM A**, press **ALARM SET A** to display **ALARM A**. To activate the ALARM B press ALARM **SET B** to display **ALARM B**.

- . The alarm sounds at the set time even if the unit is
- · Make sure the iPod is installed correctly after setting the iPod alarm

To doze for a few more minutes Press SNOOZE/BRIGHTNESS.

again after about 5 minutes. The maximum length of the snooze time is 40 minutes

To stop the Alarm

Press **OFF** to turn off the alarm. The alarm will come on sound again at the same time the next day.

If **OFF** is not pressed, the buzzer alarm sounds

continuously for about 2 minutes, and then it stops automatically.

The RADIO and iPod sound continuously until **OFF**

To deactivate the Alarm Press **ALARM SET A** (or **B**) to turn off the

ALARM A (or **B**) indicator from the display.

Note on alarm in the event of a power interruption • When the alarm sound is set to RADIO or iPod, it

- will change to BUZZER automatically.
- · If the backup battery is exhausted, the alarm will not work in the event of power interruption. Replace the battery periodically.

Setting the sleep timer

You can fall asleep to the sound using the built-in sleep timer that turns off the unit autor preset duration.

- **1** Press **SLEEP** while the unit is turned on.
- SLEEP appears in the display **2** Press **SLEEP** to set the sleep timer

Each time you press **SLEEP**, the duration

changes as follows:

 $90 \longrightarrow 60 \longrightarrow 30 \longrightarrow 15$ ↑ OFF ←

The display returns to clock mode five seconds after you have finished setting the duration setting

and released SLEEP, and then the sleep timer The unit will play for the duration you set, and

To turn off the unit before the preset time

Press OFF.

To use both sleep timer and alarm You can fall asleen to the radio and also be awakened

1 Set the alarm. (See "Setting the alarm".)

2 Set the sleep timer. (See "Setting the sleep timer".)

Other useful functions

To get the MEGA Xpand effect Press MEGA Xpand. "MEGA Xpand" appears in the display. You can get the effect of expansion of the sound field. To return to normal sound, press the
