### To reduce the risk of fire or electric shock, do not expose this apparatus to rain or moisture.

To reduce the risk of fire, do not cover the ventilation of the apparatus with newspapers, tablecloths, curtains, etc. And do not place lighted candles on the apparatus.

The apparatus shall not be exposed to dripping or splashing and no objects filled with liquids, such as vases, shall be placed on the apparatus.

As the main plug is used to disconnect the unit from the mains, connect the unit to an easily accessible AC outlet. Should you notice an abnormality in the unit, disconnect the

Do not install the appliance in a confined space, such as a bookcase or built-in cabinet.

Do not expose the battery to excessive heat such as direct sunlight, fire or the like

### **Notes on DualDiscs**

main plug from the AC outlet immediately.

A DualDisc is a two sided disc product which mates DVD recorded material on one side with digital audio material on the other side. However, since the audio material side does not conform to the Compact Disc (CD) standard, playback on this product is not guaranteed.

### Music discs encoded with copyright protection technologies

This product is designed to playback discs that conform to the Compact Disc (CD) standard. Recently, various music discs encoded with copyright protection technologies are marketed by some record companies. Please be aware that among those discs, there are some that do not conform to the CD standard and may not be playable by this product.

# CAUTION

The use of optical instruments with this product will increase

Use of controls or adjustments or performance of procedures other than those specified herein may result in hazardous

## NOTICE FOR CUSTOMERS IN THE U.S.A.

↑ This symbol is intended to alert the user. to the presence of uninsulated "dangerous voltage" within the product's enclosure that may be of sufficient magnitude to constitute a risk of electric shock to persons.

This symbol is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the appliance.

The graphical symbols are at the bottom of the unit.

Class II equipment symbol This symbol indicates that the unit has a double insulation system.

### WARNING

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna
- Increase the separation between the equipment and receiver - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected
- Consult the dealer or an experienced radio/TV technician for

## CAUTION

You are cautioned that any changes or modifications not expressly approved in this manual could void your authority to operate this equipment.

### For customers in the USA

Please register this product on line at http://www.sony.com/productregistration. Proper registration will enable us to send you periodic mailings about new product, services and other important announcements. Registering your product will also allow us to contact you in the unlikely event that the product needs adjustment or modification. Thank you.

# **Important Safety Instructions**

- 1) Read these instructions
- 2) Keep these instructions
- 3) Heed all warnings. Follow all instructions.
- 5) Do not use this apparatus near water.
- 6) Clean only with dry cloth. 7) Do not block any ventilation openings.

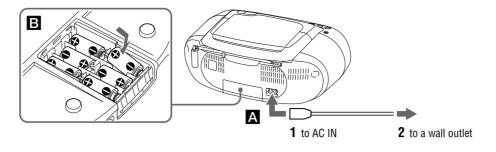

amplifiers) that produce heat.

- Install in accordance with the manufacturer's instructions.
- 8) Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including
- 9) Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade or the third prong are provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
- 10) Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
- 11) Only use attachments/accessories specified by the
- 12) Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus. n a cart is used, use caution when moving apparatus combination to avoid injury from tip-over.

- 13) Unplug this apparatus during lightning storms or when unused for long periods of time.
- 14) Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been

# Power sources

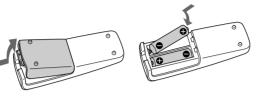

Connect the AC power cord A or insert six R14 (size C) batteries (not supplied) into the battery compartment B

- Replace the batteries when the OPR/BATT indicator 1 dims or when the player stops operating. Replace all the batteries with new ones. Before you replace the batteries, be sure to take out the CD from the player.
- To use the player on batteries, disconnect the AC power cord from the player.

### Preparing the remote

Insert two R6 (size AA) batteries (not supplied).

### Replacing batteries

With normal use, the batteries for the remote should last about six months. When the remote no longer operates the unit, replace all the batteries with new ones

# Before using the unit

### To turn on/off the power Press POWER 1.

To adjust the volume

# Press VOLUME +, – 11.

To listen through headphones Connect the headphones to the  $\Omega$  (headphones) jack 13.

# To reinforce the bass sound

Press MEGA BASS 2.

"MEGA BASS" appears in the display. To return to normal sound, press the button again.

# For carrying the unit

Always remove the iPod and store the sliding tray when carrying the unit.

# **Falling asleep to music**

- 1 Play the music source you want.
- 3 Press SLEEP 3 to select the minutes until the

# **Precautions**

### Discs that this unit CAN play

- Audio CD
- CD-R/CD-RW (CD-DA\*)
- \*CD-DA is the abbreviation for Compact Disc Digital Audio. It is a recording standard used for Audio CDs.

### Discs that this unit CANNOT play

- CD-R/CD-RW other than those recorded in music CD format CD-R/CD-RW of poor recording quality, CD-R/CD-RW that has scratches or are dirty, or CD-R/CD-RW recorded with an
- · CD-R/CD-RW which is finalized incorrectly

### Notes on discs

incompatible recording device

· Before playing, clean the CD with a cleaning cloth. Wipe the CD from the center out. If there is a scratch, dirt or fingerprints on the CD, it may cause tracking error.

- · Do not use solvents such as benzine, thinner, commercially
- available cleaners or anti-static spray intended for vinyl LPs. · Do not expose the CD to direct sunlight or heat sources such as hot air ducts, nor leave it in a car parked in direct sunlight as there can
- be a considerable rise in temperature inside the car. • Do not stick paper or sticker on the CD, nor scratch the surface of the CD.
- · After playing, store the CD in its case.

## On safety

- · As the laser beam used in the CD player section is harmful to the eyes, do not attempt to disassemble the casing. Refer servicing to qualified personnel only.
- Should any solid object or liquid fall into the player, unplug the player, and have it checked by qualified personnel before operating
- it any further. • Discs with non-standard shapes (e.g., heart, square, star) cannot be played on this player. Attempting to do so may damage the player.

### Do not use such discs. On power sources

- For AC operation, use the supplied AC power cord; do not use any
- The player is not disconnected from the AC power source (mains) as long as it is connected to the wall outlet, even if the player itself
- has been turned off. • Unplug the player from the wall outlet when it is not to be used for
- an extended period of time. · When the batteries are not to be used, remove them to avoid
- damage that can be caused by battery leakage or corrosion • The nameplate indicating operating voltage, power consumption,

etc., is located at the bottom

- On placement • Do not leave the player in a location near heat sources, in a place subject to direct sunlight, excessive dust or mechanical shock or in
- a car subject to the direct rays of the sun. • Do not place the player on an inclined or unstable place. • Do not place anything within 10 mm of the side of the cabinet. The
- ventilation holes must be unobstructed for the player to operate properly and prolong the life of its component · Since a strong magnet is used for the speakers, keep personal credit cards using magnetic coding or spring-wound watches away from

the player to prevent possible damage from the magnet.

### On operation

Cleaning the cabinet

consult your nearest Sony dealer.

• If the player is brought directly from a cold to a warm location, or is placed in a very damp room, moisture may condense on the lens inside the CD player section. Should this occur, the player will not operate properly. In this case, remove the CD and wait about an hour for the moisture to evaporate

moistened with a mild detergent solution. Do not use any type of abrasive pad, scouring powder, or solvent, such as alcohol or benzine. If you have any questions or problems concerning your player, please

· Clean the cabinet, panel and controls with a soft cloth slightly

# **Troubleshooting**

- Make sure the batteries are inserted correctly.
- · When you operate the unit on batteries, you cannot turn on the unit using POWER 1 on the remote.

### There is no audio.

Noise is heard.

Adjust the VOLUME.

- You cannot charge the iPod when the unit is using DC power

# CD player

- when a CD is in place.
- Place the CD with the label surface up.
- Take out the CD and leave the CD compartment open for about an hour to dry moisture condensa
- The CD-R/CD-RW is blank. • There is a problem with the quality of the CD-R/CD-RW, recording

### device or application software.

### The sound drops out.

- · Place the player in a location free from vibration
- Clean the lens with a commercially available blower.
- device or application software.

· Reorient the player itself to improve AM

· Reorient the antenna to

improve FM reception

Radio

# The audio is weak or has poor quality.

# The picture of your TV becomes unstable.

- The remote does not function. · Replace all the batteries in the remote with new ones if they are
- · Make sure that you are pointing the remote at the remote sensor on

direct sunlight or fluorescent lamp light. • Move closer to the unit when using the remote After trying the remedies, if you still have problems, unplug the AC

power cord or remove all the batteries. After all the indications in the

If the problem persists, please consult your nearest Sony dealer.

lisplay disappear, plug the AC power cord or insert the batteries again.

# General

### The power is not on.

- Connect the AC power cord to the wall outlet securely.
- Replace all the batteries with new ones if they are weak.

# · Unplug the headphones when listening through speakers.

### • Someone is using a portable telephone or other equipment that emits radio waves near the player.

→ Move the portable telephone, etc., away from the player.

# iPod

### There is no audio.

· Make sure the iPod is connected firmly

### Operation is impossible. · Make sure the iPod is connected firmly

### Cannot charge iPod.

# • You cannot charge the iPod when "DC OUT" does not appear on

# The CD does not play or "no dISC" is displayed even

- · Clean the CD.
- · Replace all the batteries with new ones if they are weak.
- Reduce the volume • Clean the CD, or replace it if the CD is badly damaged.
- The sound may drop out or noise may be heard when using poor quality CD-Rs/CD-RWs or if there is a problem with the recording

# Reception is poor.

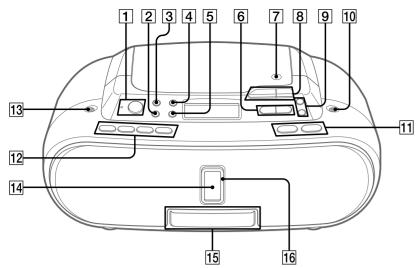

### · Replace all the batteries with new ones if they are weak • Move the player away from the TV.

### • If you are listening to an FM program near the TV with an indoor antenna, move the player away from the TV.

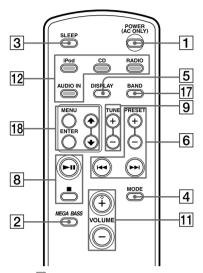

# Remote

• Remove any obstacles in the path of the remote and the unit. • Make sure the remote sensor is not exposed to strong light such as

# **Basic Operations**

VOLUME + 11 and ► 1 8 have a tactile dot.

VOLUME + 11 have a tactile dot

# **Opening/closing the Sliding Tray**

### Setting the iPod

- 1 Press the PUSH OPEN/CLOSE button 14. The Sliding Tray 15 is ejected half way.
- 2 Pull the Sliding Tray 15 all the way out.
- 3 Attach the iPod Universal Dock Adapter if necessary (not supplied).
- 4 Place your iPod on the Sliding Tray 15.

5 Push in and adjust the Sliding Tray 15 so that the iPod fits on the Back Support 16

# Playing a CD

- 1 Press CD 12 (direct power-on).
- 2 Press ♣ PUSH OPEN/CLOSE 7 and place a disc with the label side up in the CD compartment CLOSE 7.

3 Press ►II 8

The player plays all the tracks once.

То	Press	
Pause playback	►II 8 To resume play, press it again.	
Stop playback	■ 8	
Go to the next track	▶ 6	
Go back to the previous track	<b>1</b> ← 6	
Locate a point while listening to the sound	<ul><li>▶ (forward) or ► (backward)</li><li>6 while playing and hold it until you find the point.</li></ul>	
Locate a point while observing the display	►► (forward) or ► (backward)  6 in pause and hold it until you find the point.	
Remove the CD	▲ PUSH OPEN/CLOSE 7	

# Using the display

# To check the total track number and playing

In stop mode, press DISPLAY•ENTER 5 or DISPLAY **5** on the remote.

### To check the remaining time

Press DISPLAY • ENTER 5 or DISPLAY 5 on the remote repeatedly while playing a CD. The display changes as follows:

→ The current track number and playing time The current track number and the remaining

time of the current track\* The number of tracks left and remaining

time on the CD

\* For a track whose number is more than 20, the remaining time appears as "- -:- -" in the display.

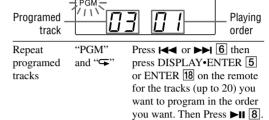

# Selecting the play mode

Press MODE 4 until "← 1", "←", "SHUF", "SHUF" and "♠", "PGM", or "PGM" and "♠" appear in the display. Then proceed as follows:

To Select	Select	Then do this
Repeat a single track	<b>"⊊</b> 1"	Press ► or ► 6 to select the track that you want to repeat, then press ► 18.
Repeat all tracks	"⊊"	Press ►II 8.
Shuffle play	"SHUF"	Press ►II 8.
Repeat tracks in random order	"SHUF" and "⊊"	Press ▶II 8.

press DISPLAY•ENTER 5 play or ENTER 18 on the remote for the tracks (up to 20) you want to program in the order you want. Then press ▶II 8.

Press | ← or ▶ ▶ 6 then

### To cancel the selected play mode

Press MODE 4 repeatedly until the selected mode disappears from the display.

### To check the programed track and playing order in the display

To check the order of tracks before play, press DISPLAY•ENTER 5 or ENTER 18 on the remote. Every time you press the button, the track number appears in the programed order.

### To change the current program

Press ■ 8 once if the CD is stopped and twice if the CD is playing. The current program will be erased. Then create a new program following the programing

Program

"PGM"

You can play the same program again, since the program is saved until you open the CD compartment

# Listening to the radio

1 Press RADIO•BAND•AUTO PRESET 12 repeatedly (direct power-on) or press RADIO 12 and press BAND 17 repeatedly on the remote.

Each time you press the button, the indication changes as follows: "FM"  $\longleftrightarrow$  "AM"

**2** Hold down TUNE + or – 9 until the frequency digits begin to change in the display.

The player automatically scans the radio frequencies and stops when it finds a clear station. If you can't tune in a station, press the button repeatedly to change the frequency step by step.

appears.

• If the FM broadcast is noisy, press MODE 4 until "Mono" appears

When an FM stereo broadcast is received, "ST"

in the display and the radio will play in monaural. • If you touch or operate an iPod connected to this unit while

listening to AM/FM, noise may occur. Avoid touching or operating the iPod in this case.

• If you hear noise from the AM/FM while supplying power to

iPod ("DC OUT" indicator appears in the display), press and hold MODE for a few seconds to stop the power supply to the iPod ("DC OUT" indicator disappears from the display).

# **Presetting radio stations**

You can store radio stations into the player's memory. You can preset up to 30 radio stations, 20 for FM and 10 for AM in any order.

- 1 Press RADIO•BAND•AUTO PRESET 12 or BAND 17 on the remote to select the band.
- 2 Hold down RADIO•BAND•AUTO PRESET 12 or RADIO 12 on the remote for 2 seconds until "AUTO" flashes in the display.
- 3 Press DISPLAY•ENTER 5 or ENTER 18 on the

The stations are stored in memory from the lower frequencies to the higher ones.

### If a station cannot be preset automatically You need to preset a station with a weak signal manually

- 1 Press RADIO•BAND•AUTO PRESET 12 or BAND 17 on the remote to select the band.
- 2 Tune in a station you want.
- 3 Hold down DISPLAY•ENTER 5 or ENTER 18 on the remote for 2 seconds until the preset number flashes in the display
- **4** Press PRESET + or **6** until the preset number you want for the station flashes in the display.
- 5 Press DISPLAY•ENTER 5 or ENTER 18 on the

The new station replaces the old one.

The preset radio stations remain in memory even if you unplug the

AC power cord or remove the batteries.

# Playing preset radio stations

- 1 Press RADIO•BAND•AUTO PRESET 12 or BAND 17 on the remote to select the band.
- 2 Press PRESET + or 6 to tune in the stored

# **Connecting optional components**

You can enjoy the sound from an optional component such as a portable digital music player through the speakers of this unit. Be sure to turn off the power of each component before making any connections. For details, refer to the instruction manual of the component to be connected

- 1 Connect the AUDIO IN jack 10 on the unit to the line output jack of the portable digital music player or other components using an audio connecting cable (not supplied).
- 2 Turn the unit and the connected component on.
- 3 Press AUDIO IN 12 and start playing sound on the connected component.

The sound from the connected component is output from the speakers.

To connect the unit to a TV or VCR, use an extension cable (not supplied) with a stereo-mini jack on one end and two phono plugs on the other end.
