

VM-1401C

14" Color Monitor with Audio

Our high performance 14" color monitor offers 420 lines of resolution. It features one camera input, 1 audio input, a hi/lo impedance switch, up front controls, and a composite video with loop through. The monitor provides crisp, clear images that allow you to observe details even in smaller video inset boxes common on quad and multiplexer displays. It is UL and CSA listed.
