# SUNRISE

## Air Support Systems

#### APM 480 & APM 350

- Comfort Control Settings allow for best patient immersion and comfort. Available in 8" mattress (APM 480) or 5" overlay (APM 350) depths.
- Support cells alternately inflate and deflate to redistribute skin surface pressure.
- 8-minute cycle time encourages circulation to the epidermal skin layer.
- An adjustable pump allows custom setting for patient comfort
- Breathable yet waterproof low-shear cover zips all around for easy cleaning.
- Supply tubes feature CPC connectors that mate to seal air inside the mattress; great for transport or power failure
- 5/16" air supply tubes are spring-loaded to discourage kinks.
- 11-ft. power cord and 5-ft. tubing keep pump out of the way.
- 8" mattress features no-skid bottom and heavy duty nylon straps for attachment.
- 5" overlay features heavy duty elastic corner straps for attachment.

Bio	Clinic		Speci
APM 480 & APM 350	Control Unit		
Materials	Durable plastic		
Dimensions	6" x 10" x 3.8" (15 c	m x 25.4 cm x 9.6 cm)	
Weight	4 lbs. (1.8 kg)		
Cycle Time	8 minutes		
Electrical Rating	110V, 60 Hz

350315	Travel Bag for 5" System	1/EA
350314	Replacement Tube for 5" and 8" Systems	1/EA

Always ensure proper fit with specific homecare or hospital beds prior to patient use.

2.5" System with Adjustable Pump

#### APP 225 & APP 125

- 2.5" heavy duty bubble style pad is sealed using uniform weld to increase cell durability.
- APP 225 features an adjustable system that allows for individualized patient settings to accommodate different user weights.
- Sleek pump housing comes with foldaway hooks for safe storage off the floor, keeping tubes and cords out of harm's way.
- 11-ft. power cord and 5-ft tubing ensure pump can reach desired mounting site.

APP 125

APP 225

#### **SAM 35**

- 3.5" heavy duty anti-microbial overlay resists puncture and simplifies cleaning.
- Adjustable corner straps for secure attachment to mattress.
- 55 waffle vents to evaporate perspiration; helps keep moisture off delicate skin.
- Portable unit deflates in seconds.

#### 3.5" Static Air Mattress

#### **LAL 1100**

#### **Control Unit**

- Easy-to-use dial adjusts pressure level from soft to firm.
- Compact, lightweight and durable case.
- Quiet operation allows patient to sleep more soundly.
- Blower-driven system provides "genuine low air loss" with all the benefits of significant air movement.
- CPR guick-disconnect for rapid deflation.

#### **Standard Low Air Loss Mattress**

- Max inflates within seconds.
- To reduce skin maceration, "genuine low air loss" is provided throughout all twenty air cells of support.
- Air cushions are constructed of high quality, low shear nylon to reduce skin breakdown.
- Convoluted foam base provides additional safety and comfort.
- Low-friction, vapor-permeable comforter provides a barrier to liquids, air and bacteria.
- Rolls into its own carrying case for convenience and portability.

#### **Homecare Low Air Loss Mattress**

 Orthoderm Elite Homecare Mattress is compatible with the LAL 1000 Series control unit with adapter. Wide mattress also available. The Jay Dermafloat LAL 1100 is designed to work hard for you and your patients in all types of settings. A deluxe comforter and high-output control unit provide therapeutic benefit to patients suffering from or at risk of developing pressure ulcers. The LAL 1100 is one of the lightest, most durable and easiest to use genuine low air loss systems on the market.
