4 Channel
Digital Video Recorder
H.264 Compression

DVR4-8600™

The latest H.264 video compression combined with networking, pentaplex operation and an array of powerful features for monitoring & recording

Advanced H.264 recording
- State-of-the-art H.264 compression records at a lower bit rate for high quality playback, longer recording with less storage required
- Amazing video images from 120fps recording, 120fps live view
- Ready to record with pre-installed 250GB Seagate HDD
- Easy back-up of incidents via USB port
- Multiple recording modes including motion detection, timer, event recording (alarm, motion detection), and recording list

Easy to set-up and use
- Pentaplex operation for simultaneous recording, playback, setup, back-up and network surveillance
- Enhanced simple to use graphic user interface (GUI) with mouse operation via USB
- View live from your mobile cell phone or handheld device*
- View recorded video one channel at a time

Sophisticated networking
- Sophisticated network capabilities including remote live view, remote playback, PTZ camera control and remote menu setup
- Remote viewing is a snap with IE browser support from downloadable software

easily connects to the internet

250 GB — **record more with high capacity hard drive**

H264 — **record more with superior compression**

easily connects to your TV
