

PHASER® 740L

COLOR-CAPABLE
LASER PRINTER

The color-capable workgroup laser printer at a black-and-white price.

Everything that was once black-and-white has turned into full color. And that's exactly the idea behind the incredibly affordable Phaser 740L color-capable laser printer. This one-of-a-kind, fully featured network laser printer was developed especially for today's forward-thinking workgroups. Start off with high-performance black-and-white printing, then step up to color any time by simply adding the Color Kit.

The Phaser 740L color-capable laser printer is the dependable workgroup printer you and your team can rely on print after print. Black-and-white pages fly out at 16 ppm. But you never have to sacrifice quality for speed. At up to true 1200 dpi resolution, your crisp black-and-white images come alive on plain paper.

Add to all of this network-ready printing: The Phaser 740L printer ships standard with a 10BaseT Ethernet interface. Just plug it in and you'll be printing in no time.

With the Phaser 740L color-capable laser printer, get the performance printing you need today and the color capability you'll want tomorrow.

The Phaser 740L color-capable laser printer is the latest innovation from Tektronix. We're making our name in business color printing.

STRATEGIC PLANNING FOR THE WORKGROUP

The Phaser 740L color-capable laser printer starts with a monochrome cartridge. When you're ready, just add the Color Kit for deep, rich, high-resolution color.

NETWORK-READY PRINTING RIGHT OUT OF THE BOX

The Phaser 740L color-capable laser printer ships with 10BaseT standard and 100BaseT optional. That means a lot less time to get set up and running, so your workgroup stays productive.

STANDARD ADOBE® POSTSCRIPT® 3

The Phaser 740L color-capable laser printer ensures compatibility across all computer platforms and software applications.

PHASERLINK™ PRINTER MANAGEMENT TECHNOLOGY KEEPS YOU IN CONTROL

PhaserLink software leverages your Web browser to check print status, set configuration, and access on-line documentation.

AUTOMATIC DUPLEXING/LOWER TRAY ASSEMBLY KEEP THE JOBS MOVING

Flexible paper-handling features like optional automatic duplexing and additional media input trays and multiple paper-loading paths help you crunch through high-volume workloads fast.

WHY LIMIT YOURSELF TO BLACK AND WHITE?

*Now get brilliant color
at the same price*

You can add color to your Phaser 740L color-capable laser printer for a lot less than you think. It just takes a few moments to add the low-priced Color Kit—and you'll be printing rich, high-quality color in no time. The high-performance processor prints even complex images at breathtaking speeds. And TekColor™ Automatic Color Correction intelligently adjusts the color of individual elements automatically for the best color fidelity.

		Support Toll-free telephone support, online technical support via the World Wide Web, on-demand fax reference library, and a user newsletter about color printing. Optional extended service plans are available.	
Model		740L/N	740/N

¹ Add FP Plus Features for: 1200 dpi color, pipeline printing, additional memory, SCSI card, Check Print, Collation functionality with optional external hard disk drive.
² Requires FP Plus Features.
³ Requires optional hard disk drive.

⁴ PhaserShare network cards include printer management software for Windows users on Novell NetWare networks. All ports and protocols are simultaneously active.
⁵ Direct download from Adobe Photoshop®, Macintosh and Windows.

⁶ Envelopes – occasional use only.

⁷ Adding optional Color Kit converts 1-yr. return-to-depot to 1-yr. on-site for remainder of the warranty period.

* Pantone Inc.'s check-standard trademark for color reproduction and color reproduction materials.

PRINTER/JOB MANAGEMENT

PhaserLink™ Software provides printer status, configuration, email notification of printer errors, Intranet support, and Tektronix' support via standard Web browsers.

Usage Profile monitors the printer on a network, providing usage statistics, page counts, intervention histories, and more.

Job Accounting provides job information including job duration, media type, page count, and amount of consumables used.

Check Print Preview provides a single print preview of multiple-page projects.

Collation Printing provides collated copies of multiple-page documents.

Remote Printing allows users to print directly to any Phaser printer on a network connected to the Internet.

PDF Direct Printing integrates with the Web browser to allow direct printing of PDF files.

Pipeline Printing overlaps print processing several pages ahead of printing, for optimum throughput.

PAPER HANDLING

Automatic Duplex/Lower Tray Assembly makes two-sided printing automatic and provides two additional media input trays for high-volume jobs, and for quick switching between different types of media.
