OPERATION SAFETY

- **Caution :** To avoid fire and electric shocks, do not expose this product under damp or humid condition and make sure the plug is fully plugged in at all time.
- **Warning:** Never open the housing of the LCD display. When the housing is opened, there is a danger of injury from electric shock. There is no component that can be replaced by users. Please contact the service personnels and replace with manufacturer appointed components.
- **Disposal:** Due to the environmental concerns, please refer to your local authorized organization or electronics industry society before you dispose this product. Please visit [http:// www.eia.org](http://www.eia.org) for more Informations.

TO CUSTOMERS

Thank you for purchasing this product. Please read through the instructions and follow the steps in order to achieve the maximum reliability. Please keep this manual handy and close to your LCD display after reading.

SAFETY & PRECAUTIONS

Manual Guide--Please read through user's manual before operating this product.

Instructions--Please follow and be aware of cautions and warnings.

Follow Steps--Please follow the operation procedures.

Socket Outlet--Please use standard socket outlet to avoid damages to the LCD display.

Power Source--This product has to operate with correct power source shown on label.

Power Cord Protection--Avoid tangling or placing objects on the power cord.

Over-loading--Avoid AC power over-loading, which may lead to fire or electric shock.

Do not insert any objects through the slots and openings of the LCD display. This may lead to an electrical short-circuit or even cause fire and results in damages to your LCD display

Repair--Please unplug the power cord and contact distributors or qualified repair personnels if any of the following situations have happened.

- 1.Power cord is damaged
- 2.Objects have been inserted through the slots and openings of the display.
- 3.Product is under humid condition or liquid leakages on to the display.
- 4.Product cannot function normally, or cannot operate.
- 5.Product was dropped or damaged

Note : When using AV signals (e.g DVD, VCR..), Please check the input source if the screen appears glittering or having bad signals.

For example, cables are correctly connected and DVD player output setting is the same as TV resolution setting. (Resolution is under 480i or 576i etc.)

Parts Replacement--If any parts need to be replaced, please contact the service personnel.

Wall Mounting--Please use correct wall mount and follow instructions when installing the display onto the wall.

Cleaning--Unplug power cord beforehand. Please use dry and soft sponge to clean the screen surface. Do not use diluted acid.

Humidity--Keep this product away from moisture or high humidity area.

Placement--Place this product on a stable and vibration free surface in order to avoid the LCD display from falling.

Ventilation--Please never cover or block openings and slots of the display. This may cause the display to over-heat and reduced its life time. Please allow some space for ventilation.

Away from heat sources--Keep this product away from heat sources such as direct exposure to sunlight, heater and stove, etc. This would avoid structure distortion or machine break down.

When switched off, the LCD display can be stored comfortably between -4 to 140 (-20 to 60)

Unplug from the socket outlet if the LCD Display is not intended to be used for a long period of time.

ACCESSORIES

ONE YEAR LIMITED WARRANTY

ToteVision warrants to the original purchaser that this product is free from defects in workmanship and material under normal use and conditions for a period of 1 year from the date of original purchase, subject to the limitations below. Should service be required by reason of any defect or malfunction during the warranty period, ToteVision will repair or at its discretion replace this product, without charge (except for a \$15.00 charge for handling, packing, return shipping, and subject to verification of the defect or malfunction), upon delivery of this product to the Factory Service Center listed below with proof of date of purchase. During the warranty period ToteVision will repair or replace, free of charge, defective units WHICH ARE NOT DEFECTIVE DUE TO ORDINARY WEAR AND TEAR, USER ABUSE, OR OTHER CAUSES NOT ARISING OUT OF MANUFACTURER'S DEFECTS IN MATERIALS OR WORKMANSHIP.

Before returning this product for service:

1. If it is necessary to pack the unit in other than original carton and protectors, please insure proper packaging for good protection.
2. Enclose a photocopy of your dated sales receipt, credit card statement, or other proof of the date of purchase, a description of your complaint, your name, address and day time telephone number. (Do not use P.O. Box numbers since UPS cannot deliver to P.O. Boxes.) Your warranty registration information must be on file in our office as a method of identification. If Proof of original ownership is not in our records, the repairs will be treated as "out-of-warranty" and your unit will be returned to you C.O.D. For repair and handling charges.
3. For "In Warranty repairs" enclose a check or money order payable to the order of Tote Vision for the sum of \$15.00 for return postage and handling.
4. Ship the unit prepaid to the Factory Service Center listed below.
5. If your unit needs service after the warranty period has expired, ship it prepaid and insured to the Factory Service Center below.

Enclose a description of your complaint: your name, company name, address, and day time telephone number, You will be advised of estimated repair charges.

NOTE: This warranty is valid only if the product is used for the purpose for which it was designed. It does not cover:

- (i) products which have been damaged by negligence, misuse, accidents, abuse, acts of God, or units which have been modified or repaired by unauthorized persons,
- (ii) cracked or broken units damaged by excessive heat or cold, or units exposed to excessive UV light.
- (iii) products which have their serial numbers removed, altered or rendered illegible,
- (iv) products that have been in constant use (24 hours per day, 7 days per week) that have cold cathode fluorescent tubes (CCFT) that do not provide sufficient illumination,
- (v) the cost of shipping this product to the Factory Service Center and its return to you.

No warranty, expressed or implied, as to merchantability or fitness for a particular use is made beyond this Limited Warranty.

Tote Vision will not be liable for incidental or consequential damages or lost profits arising from product defects or malfunctions. This warranty is valid only in the United States of America and does not extend to owners of the product subsequent to the original purchaser. Any applicable implied warranties are also limited to 1 year and Tote Vision will not be liable for consequential damages. (Some states do not allow limitations on implied warranties or exclusions of consequential damages, so that these restrictions may not apply to you.) This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

As a precondition to receiving any of the benefits of this limited warranty, your completed warranty registration information must be on file in our office. IF YOUR INFORMATION IS NOT ON FILE WITH US, ALL WARRANTY CLAIMS WILL BE DENIED. TO PROTECT YOUR WARRANTY, MAIL YOUR REGISTRATION INFORMATION TODAY! Submission of a unit determined not defective will result in a charge to you for testing and handling the unit. Thoroughly test your unit before submitting it for warranty claim repair.

Send unit to: TOTEVISION SERVICE CENTER 1319 Dexter Avenue N. #020, Seattle, Wa98109
