My Book®

World Edition™

Automatic Continuous Backup
Media Streaming
Secure Remote Access

Relax! Continuous backup for all the computers in your home.

Enjoy! Stream music and video to your TV.

Escape! Access your data anytime, anywhere.

Backup and storage for all your computers.

My Book World Edition Home Network Storage makes it easy to set up a central storage location in your home that is compatible with both Windows® and Mac® files. Simply connect the drive to your network router and you're up and running in just a few minutes. Use the included back up software to protect your family's PCs with automatic and continuous backup plans. Store all your digital media in one central location so everyone in the family can have access to it.

- **Automatic and continuous backup for all the computers on your network** – Now you can easily back up data from all your home computers with the included backup software. Set it and forget it; every time you save something it's instantly and automatically backed up. Restore lost, damaged or older files back to their original location with a couple of clicks.
- **Centralize all your family's digital content** – Store or backup all your digital files and media in one central location so everyone can access and enjoy your collection from any computer in the home.
- **Stream digital media anywhere in your home** – Includes a built-in media server for streaming music, photos and movies to any PC or connected DLNA multimedia player such as Playstation® 3 and Xbox 360® game consoles, digital picture frames, and TVs.
- **Remote access** – Access your files anywhere, anytime using MioNet® remote access technology from WD.

As used for storage capacity, one megabyte (MB) = one million bytes, one gigabyte (GB) = one billion bytes, and one terabyte (TB) = one trillion bytes. Total accessible capacity varies depending on operating environment. As used for transfer rate or interface, megabyte per second (MB/s) = one million bytes per second, and gigabit per second (Gb/s) = one billion bits per second.
