

L Series Built-In Double Ovens

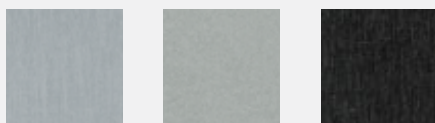

Electronic controls hide behind a stainless steel panel. A motor quietly rotates the control panel into position. Both ovens of the Wolf L Series built-in double oven feature the Wolf dual convection system. It delivers even temperature and airflow throughout the oven. Two fans and four heating elements operate either simultaneously or in sequence, depending on which one of the ten different cooking modes you choose.

Model DO30F/S shown—framed door style with classic stainless steel finish.
