

# Software Upgrade for AT&T Motorola ATRIX™ 4G v4.5.91\*

## Introduction

This is the recommended Android 2.3 (Gingerbread) software upgrade for the AT&T Motorola ATRIX™ 4G. This upgrade includes several improvements to device performance.

**This upgrade can only be downloaded over a Wi-Fi network. If the device loses Wi-Fi coverage, the download will resume once the device gets a Wi-Fi connection again.**

For more information on your AT&T Motorola ATRIX™ 4G, visit <http://www.motorola.com/myatrix>.

## Who Can Use This Release?

ALL AT&T Motorola ATRIX™ 4G users

## Highlights

After downloading and installing the software, you will notice the following improvements:

<b>Gallery</b>	Enhancements to the picture Gallery allow you to aggregate all your photos, your friends' photos and photo comments from social networking and photo sites like Facebook and Picasa in one place for easy viewing
<b>Music</b>	Enhancements so your Music player is now connected to a dashboard for music discovery. Plus, easy access to all your favorite artists, live, personalized recommendations for songs & videos and news and event updates
<b>User Interface</b>	Updated user interface with simpler home screen design, including shift to use of white backgrounds in menus, enabling better viewing experience
<b>Dock Icons</b>	Enhancement that enables easy access to favorite apps at bottom of each screen
<b>Organized App Tray</b>	Enhancement that helps you personalize and categorize favorite apps into groups so you can be more efficient
<b>Location Based Recommendations</b>	Enhancement that provides access to social content in one place so you can find out what is happening around you. You can use Yelp reviews and Facebook check-ins to find out what others are recommending
<b>Faster Webtop Browsing</b>	Enhancement to webtop application includes Firefox 4.0 so you can browse faster than with previous versions of Firefox
<b>HD Video Playback</b>	Enhancement that now enables HD Video Playback in 1080p for better viewing experience
<b>Multiple Recipient Emails</b>	Create groups for multiple recipient emails so you can communicate faster
<b>One touch conference call access</b>	Enhancement that makes it easier to dial-in to conference bridges while you're on-the-go

<b>Task Management Tools</b>	Enhancement that makes it easier to create, edit & delete tasks, and to assign priorities and reminders
<b>Productivity Tools</b>	Enhancements to business ready security features so you can get more work done on-the-go which includes robust VPN, device and SD card encryption, device management via 3 <sup>rd</sup> party console and remote wipe capability
<b>Notification Tray</b>	Enhancement that enables you to dismiss notifications one at a time

## Instructions for Installing Software

For a successful installation, we recommend installing this upgrade while the battery in your phone is at least 50% charged. Make sure you have an active SIM card installed in your phone.

If you have received a notification message for this upgrade:

1. Ensure your phone is connected to a Wi-Fi network
2. Select "Download"
3. After the software is downloaded, select "Install now"
4. After the software is installed, your phone will re-start automatically
5. Your phone is now upgraded with v4.5.91 software

If you have not received a notification message for this upgrade:

1. Select the Settings icon in the main menu
2. Select "About phone"
3. Select "System updates"
  1. A message will display the availability of an update
  2. Ensure your phone is connected to a Wi-Fi network
4. Select "Download"
5. After the software is downloaded, select "Install"
6. After the software is installed, your phone will re-start automatically
7. Your phone is now upgraded with v4.5.91 software

\*Note: Menu->Settings->About phone-> System version
