It is important to read this instruction prior to using your new product for the first time Es importante leer este manual antes de usar por vez primera su equipo.

## Before you begin

Unpacking your player You should have the following

- One voice recorder
- One user manual One quick start guide
- One carrying case (For
- VR5330R only) Two AAA size batteries (For

VR5330R only)

## Installing batteries

This player can be operated by 2 "AAA" batteries (included). 1. Slide the battery compartment

- door to open. 2. Insert the two supplied "AAA" batteries with polarities matching
- indications. 3. Replace the battery compartment door

Using Digital Voice Manager		Disconnecting from computer		Troubleshooting tips					
<section-header></section-header>	Using your player as a file storage device The player can function as a detachable data storage device. You can take along your favorite pictures and documents wherever you go. Simply cut-and-paste or drag-and-drop files to or from it via USB connection, the player will appear as a removable drive in Windows Do not rename, delete and transfer (drag-and- drop) voice files to your player directly in Windows Explorer. Use the Digital Voice Manager to rename, delete and transfer voice files.	After you have copied files to or from the player, you can disconnect the player from the computer. 1. Click the icon from the System Tray and select <b>Unplug or Eject hardware</b> . Select the drive corresponding to your player. Select the drive corresponding to your player.	3. Now you can disconnect the player from the computer. If you want to go back to USB mode for file transfer at this stage, you need to unplug and connect the player to the PC again.	<ul> <li>Player doesn't turn on</li> <li>Check that batteries are properly inserted and not exhausted.</li> <li>Make sure battery compartment door is properly closed.</li> <li>Make sure LOCK function is not activated.</li> <li>Display keeps flashing when player is off</li> <li>You may not have set the time. Refer to section "Setting date and time".</li> <li>Cannot record</li> <li>This player does not record mp3 format.</li> <li>Make sure LOCK function is not activated.</li> <li>Make sure LOCK function is not activated.</li> <li>Make sure memory is not full.</li> <li>You have recorded 99 files in one folder.
