#### FCC information

**USER MANUAL** 

**RS2769iS** 

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving

Increase the separation between the equipment and receiver. Connect the equipment into an outlet on a circuit different from that to which the receiver is

connected Consult the dealer or an experienced radio/TV technician for help

WARNING: Changes or modifications to this unit not expressly approved by the party responsible for compliance

### operate the equipment nis Class B digital apparatus complies

-10-

#### -1-Important Information

#### Precautions

- This compact disc player uses Have a Blast-Just Not a laser to read the music on the disc. The laser mechanism corresponds to the cartridge and stylus of a record player. Although this product incorporates a laser pickup lens, it is completely safe when operated according to directions.
- Discs rotate at high speed inside the player. Do not use damaged, warped, or cracked discs.
- Do not touch the pick-up lens which is located inside the disc compartment. To keep dust from collecting on the pick-up lens, do not leave the compartment door open for an extended period of time. If the lens becomes dirty, clean it with a soft brush or use an air blower brush designed for camera lenses.

Headset safety in your eardrums! Make sure you turn down the volume on the unit before you put on headphones. Increase the

volume to the desired level only after headphone are in place Do not play your headset at high volume. Hearing experts

¥

- warn against extended highvolume play If you experience ringing in
- your ears, reduce volume or discontinue use.

You should use with extreme caution or temporarily discontinue use in potentially hazardous situations Even if your headset is an open-air designed to let you to hear outside sounds, do not turn up the volume so high that you are unable to hear what is around you.

 Excessive sound pressure from earphones and headphone can cause hearing loss.

#### For your safety

The AC power plug is polarized (one blade is wider than the other) and only fits into AC power outlets one way. If the plug won't go into the outlet completely, turn the plug over and try to insert it the other way. If it still won't fit, contact a qualified electrician to change the outlet, or use a different one Do not attempt to bypass this safety feature.

CAUTION: TO PREVENT ELECTRIC SHOCK, MATCH WIDE BLADE OF PLUG TO WIDE SLOT, FULLY INSERT.

- Technical information Product: 5 Disc Audio System
- Brand: RCA Model: RS2769iS
- Power Supply: 120V ~ 60Hz Power Consumption: 240 Watts

#### Service information

This product should be serviced only by those specially trained in appropriate servicing techniques. For instructions on how to obtain service. refer to the warranty included in this Guide

#### **Getting Started**

#### **Using FM and AM antennas**

Before you use your audio system, you'll want to make sure both the FM and AM antennas are positioned properly. Uncoil the FM antenna at the back of the unit, making sure it is fully extended (you may even want to tape it to the wall behind the unit if possible, the higher the better).

You'll also need to connect the AM antenna loop to the back of the unit if you listen to AM stations. Rotate the AM loop antenna for better reception.

#### **Connecting speakers**

Each speaker wire has different color matching with the speaker jacks on the main unit. When connecting the speakers, match the red wires to red jacks, purple wires to purple jacks, grey wires to grey jacks, and black wires to black jacks. Be sure to connect the large main speakers to the terminals marked "MAIN SPEAK-ER" and "SUBWOOFER". Connect the smaller rear "surround" speakers to the terminals marked "REAR SPEAKER".

#### **Clock and Timer**

#### Setting the clock

- 1. Press and hold CLOCK until the hour flashes on the display
- 2. Press ₩ / ₩ to set the hour and then press CLOCK to shift to minute digits 3. Press ₩ / ₩ to set the

minute. 4. Press CLOCK to save settings.

- When system is ON, you can tap **CLOCK** to display the current time - it will
- display time for about 2 seconds. When the system is OFF (standby), the display will
- turn off to save power.

#### Setting the timer

### Limited Warranty

AVC MULTIMEDIA ("AVC") makes the following limited warranty. Packaging and Shipping Instruction This limited warranty extend to the original consumer purchaser and is limited to non-commercial use of the product.

#### **One Year Parts & Labor Warranty**

**AVC** products purchased in the United States or Canada are warranted to be free from defects in materials or workmanship for a period of one year from the date of their original retail purchase. If the unit fails to conform to this warranty, we will service the product using new or refurbished parts and products, at AVC's sole discretion.

During a period of one year from the effective warranty date, AVC will provide, when needed, service labor to repair a manufacturing defect at its designated Service Center. To obtain warranty service in the United States or Canada, you must first call our **Customer Support Center** at 1-877-252-6873, during the hours listed in the box below. The determination of service will be made by AVC Customer Support. PLEASE DO NOT RETURN YOUR UNIT TO AVC WITHOUT PRIOR AUTHORIZATION. New or remanufactured replacements for defective parts or products will be used for repairs by AVC at its designated Service Center for one year from the effective warranty date. Such replacement parts or products are warranted for an additional one year from the date of repair or replacement. The Customer will be required to ship the unit to the Service Center indicated at the time Customer Support is contacted to make the necessary repairs. The customer is responsible for all transportation charges to the service facility.
