

CD / mp3 Player

mp3 recommendations

- Use *.mp3* as the extension when converting audio files into mp3 for saving onto CD-R(W) or CD-ROM, e.g. Rocky08.mp3. Do not use any other extension e.g. .doc, .pdf.
- Do not use the *.mp3* extension for other text or non-audio data files as this may result in serious malfunction and harmful noise interference.
- Most commonly available CD creation software can make files compatible for the system but do not forget to finalize your disc after creation. This set cannot read DirectCD recordings.
- In order to get audio CD quality, you need to record your MP3 CD at 128 kbps. You can record up to 256 kbps. The unit might not read the file which is not recorded within this range.
- Do not combine CD Audio and mp3 tracks onto a CD-R(W) or CD-ROM. The player will only playback CD audio tracks from mixed CD formats.
- The file name of mp3 songs should not exceed 10 characters.

Note:

- If over 400 items (songs/folders) are on the disc, only the first 400 songs can be played.

- Resume function does not operate in mp3 mode.

Press **SOURCE** on the main unit or **DVD/CD** on the remote to select the DVD/CD input source.

Loading and playing an audio CD

1. Press **OPEN/CLOSE** on the front panel to open the disc tray. Place the disc on the disc tray with the label side facing up. Press **OPEN/CLOSE** again to close disc tray.

2. Press **PLAY/PAUSE** to start the playback if the disc does not start automatically.

3. Press **PLAY/PAUSE** on the main unit or **PAUSE** on the remote control to pause playback. Press **PLAY/PAUSE** again on the main unit or **PLAY** on the remote to resume normal playback.

Note:

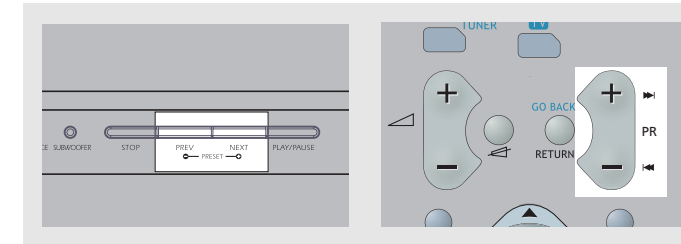

If the CD is a mp3 CD, reading may take up to 30 seconds. Try re-inserting the disc if it is not detected after 30 seconds.

Note:

Be sure to remove the disc from the disc compartment before moving or transporting the unit!

4. Press **PREV** on the main unit or **PR-** on the remote to return to the previous track. Press **NEXT** on the main unit or **PR +** on the remote to go to the next track.

5. Press **STOP** on the main unit or **STOP** on the remote control to end playback.

Note:

When playback is interrupted, the location at which it stopped will be memorized. Playback will resume at the position it was last stopped.

CD / mp3 Player
