SING IT

INSTRUCTION BOOKLET

PLEASE CAREFULLY READ THE Wii™ OPERATIONS MANUAL COMPLETELY BEFORE USING YOUR Wii HARDWARE SYSTEM, GAME DISC OR ACCESSORY. THIS MANUAL CONTAINS IMPORTANT HEALTH AND SAFETY INFORMATION.

IMPORTANT SAFETY INFORMATION: READ THE FOLLOWING WARNINGS BEFORE YOU OR YOUR CHILD PLAY VIDEO GAMES.

⚠ WARNING - Seizures

- Some people (about 1 in 4000) may have seizures or blackouts triggered by light flashes or patterns, and this may occur while they are watching TV or playing video games, even if they have never had a seizure before.
- Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition, should consult a doctor before playing a video game.
- Parents should watch their children play video games. Stop playing and consult a doctor if you or your child has any of the following symptoms:

Convulsions	Eye or muscle twitching	Altered vision
Loss of awareness	Involuntary movements	Disorientation
- To reduce the likelihood of a seizure when playing video games:
 1. Sit or stand as far from the screen as possible.
 2. Play video games on the smallest available television screen.
 3. Do not play if you are tired or need sleep.
 4. Play in a well-lit room.
 5. Take a 10 to 15 minute break every hour.

⚠ WARNING - Repetitive Motion Injuries and Eyestrain

Playing video games can make your muscles, joints, skin or eyes hurt. Follow these instructions to avoid problems such as tendonitis, carpal tunnel syndrome, skin irritation or eyestrain:

- Avoid excessive play. Parents should monitor their children for appropriate play.
- Take a 10 to 15 minute break every hour, even if you don't think you need it.
- If your hands, wrists, arms or eyes become tired or sore while playing or if you feel symptoms such as tingling, numbness, burning or stiffness, stop and rest for several hours before playing again.
- If you continue to have any of the above symptoms or other discomfort during or after play, stop playing and see a doctor.

⚠ CAUTION - Motion Sickness

Playing video games can cause motion sickness in some players. If you or your child feels dizzy or nauseous when playing video games, stop playing and rest. Do not drive or engage in other demanding activity until you feel better.

CAUTION: WRIST STRAP USE
Please use the wrist strap to help prevent injury to other people or damage to surrounding objects or the **Wii Remote** in case you accidentally let go of the **Wii Remote** during game play.

- Also remember the following:
- Make sure all players put on the wrist strap properly when it is their turn.
 - Do not let go of the **Wii Remote** during game play.
 - Dry your hands if they become moist.
 - Allow adequate room around you during game play and make sure that all areas you might move into are clear of other people and objects.
 - Stay at least three feet from the television.
 - Use the **Wii Remote Jacket**.

Microphone

Your microphone must be plugged in at all times while playing the game. Microphone input is indicated with an icon on the Song Selection and Options menus. Some multiplayer options become available when two microphones are connected. Choose Mic Volume from the Options menu to adjust volume levels for each microphone.

Connecting your microphone to the Wii Console is a snap.

1. Make sure the power is switched OFF.
2. Attach your microphone's USB connector to one of the USB connections on the back of your Wii.
3. Turn the power ON.
4. Load *Disney Sing It*.
5. Sing!

Song Selection

Once you decide which kind of game you want to play, choose any song to start the show!

- Scroll through the music videos to see and hear a preview.
- In multiplayer modes, each singer chooses his or her own difficulty level and everyone can sing together.
- Choose your difficulty level and decide if you want to sing part of the song or sing the whole song.

Pitch Detection Bar

Follow along as the pitch bar and lyrics cross the screen to guide your tune. Keep the pitch indicator on the bars for the best performance!

When there are two singers, player one is always at the bottom and pitch bars and lyrics are color-coded green for Player 1 and purple for Player 2.

Options

From the Options menu you can load or save your profile, adjust your microphone settings and view credits.

Multipliers

Hit all the notes on one screen to earn double points. Sing three screens flawlessly to earn triple points and five screens for quadruple points! Missing a note will end your winning streak and you'll lose your multipliers.

QUICK PLAY

Time to sing! Select Quick Play at the main menu to go straight to singing.

- Choose Solo to start a solo performance, Versus to sing against a friend or Duet to sing cooperatively.
- Pick a song and difficulty level and click the button on the screen to start belting it out.

SINGLE PLAYER

In Single Player mode you can take singing lessons in *Sing It Pro* or test your skills in *You're on Your Own!* Be the star of your own live concert in *Gig Mode!*

Sing It Pro

Singing lessons are fun with your own personal voice coach. In *Sing It Pro* you can perfect your singing voice while practicing pitch, accuracy, breathing techniques and harmony.

- First listen to a portion of a song and sing it accurately to move on to the next song in the lesson. Get them both right and move on to the next lesson.
- Then use the skills you've learned to earn excellent scores in real challenges.
- Go back to *Sing It Pro* anytime to master songs or brush up on your skills.

You're on Your Own!

Are you up to the challenge? Choose a song you know well enough to sing without lyrics, score or pitch marks to guide you. Your score will be displayed at the end of the song.

Gig Mode

Put on a live concert!

- Create and arrange your own personal set list of up to five songs to perform. Rock it out!
- At the end of your gig your final score is averaged from all the songs you've played.

Gig Mode can also be selected from multiplayer options.

MULTIPLAYER

It's fun to play *Disney Sing It* with your friends. Sing together in a Duet, battle against each other in a Versus tournament, play together in Team Play or perform a concert in Gig Mode.

- When there are two singers, player one is always at the bottom and pitch bars and lyrics are color-coded green for Player 1 and purple for Player 2.
- Players choose their own individual difficulty level so everyone can play together.
- Some multiplayer options become available when two microphones are connected.

Duet / Versus

Sing any of the songs together in a Duet to create beautiful harmonies. Play against a friend in a Versus competition.

Team Play

Work together as a team singing Duets or competing in Versus tournaments.

- Choose a team name from the list and start singing.
- You can sing alone or as part of a duet. Up to eight players can join Team Play.
- Save team profiles to keep track of wins and scores and the team's *Most Valuable Player*.

Gig Mode

Time to put on a show! You and a friend can perform a concert together by singing a duet of up to five songs consecutively.

- Choose which songs you want to sing together.
- The player with the highest average score for all songs performed is *The Star of the Show*.

PERSONALIZE

From here you can choose your background theme and check out high scores.

Choose Theme

Customize the look of your game the way you prefer by choosing from seven themes, including *Disney High School Musical*, *Hannah Montana* and *Camp Rock*.

TIPS

Use *Quick Play* to get straight to singing! Create a Solo or Duet performance or enter into Versus mode with a friend.

Become a better singer or master a tough song in Single Player mode by taking personal singing lessons at *Sing It Pro* or by relaxing your vocal chords in *Warm Up* sessions.

After mastering a difficult song during your lessons at *Sing It Pro*, put your skills to the test in *You're on Your Own!*

Put on a live solo concert or perform a duet with a friend in *Gig Mode!* Design your own set list to sing up to five songs back-to-back!
