A QUICKER GAME

If you're familiar with MONOPOLY and want to play a quicker game:

- **1.** To start, the banker shuffles the Title Deed cards and deals two to each player. Players immediately pay the banker the price for the properties they receive. Play then continues as normal.
- **2.** You only need to build up three houses on each site of a color group before buying a hotel (instead of four). When selling hotels, the value is half its purchase price.
- **3.** As soon as a second player goes bankrupt, the game ends. The banker uses the banker unit to add together:
 - Money left on their bank card
 - Owned sites, utilities and transports at the price printed on the board
 - Any mortgaged property at half the price printed on the board
 - Houses, valued at purchase price
 - Hotels, valued at the purchase price including the value of three houses.

The richest player wins the game!

SPEEDY MONOPOLY

Alternatively, agree on a definite time to finish the game. Whoever is the richest player at this time wins!

HERE'S HOW TO PLAY!

THE BANKER

Choose one player to be the banker. If there are more than five players, the banker may choose to take on this role only. The banker is in charge of:

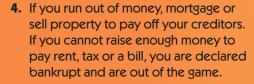

Houses and Hotels

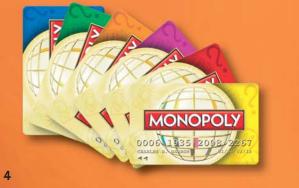

PLAYING

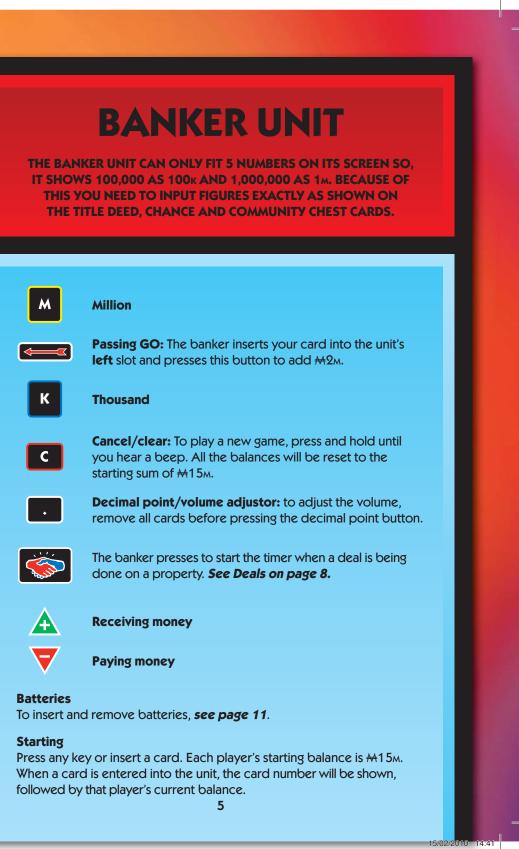

All choose a mover and put it on the GO space.

- 1. Roll both dice, the highest roller starts. Play continues clockwise.
- 2. On your turn, roll the dice and move that number of squares clockwise around the board. Two or more movers may rest on the same space at the same time. According to the space you land on either:
 - Buy the property for the asking price (if it isn't owned by another player). See page 8.
 - Get the banker to arrange a deal on the property (if you don't want to buy the property for the asking price). See page 8.
 - Pay rent (if the property is owned) by another player). See page 8.
 - Pay taxes.
 - Draw a Chance or Community Chest card. See page 10.
 - ◆ Go to jail. See page 11.
- 3. Once you own a color group, build houses or hotels on those sites.

- 5. No player may borrow money from, or lend money to, another player. However, a player may choose to accept any of your property instead of money that is owed to them.
- 6. If you roll a double, take your turn as normal and roll again. Roll three doubles in one turn and you go to jail!
- 7. Continue until only one player is left in the game. This player is the winner!

THE FINER POINTS

BUYING PROPERTY

There are three types of property:

If you land on an unowned property, you have the first choice to buy it. If you decide to buy, pay the banker the price stated on that space. You will receive that property's Title Deed card as proof of ownership. Keep it face up in front of you. If you decide not to buy, it is up for grabs! See **Deals**, below. Owning a property entitles you to collect rent from any players who land on that space. Once you own all the sites in one color group, i.e. you own a monopoly, you can build houses and hotels on sites in that group and collect more rent!

DEALS

If you land on an unowned property and don't want to buy it for its asking price, the banker must

immediately auction it to the highest bidder. All auctions start at 10k MONOPOLY dollars.

The banker presses the deal button on the banker unit to start the red light flashing. When you hear a sound and the red light flashes faster, hurry to close the deal! Whoever has the highest bid when the red light goes off wins the deal. If the deal is done before the red light goes off, the banker presses the deal button to stop the timer.

Each deal is randomly timed – you could have anywhere between 13 and 50 seconds.

All players can join in the auction, including the banker and the player that landed on the unowned property but didn't want to pay the asking price.

PAYING RENT

If your roll ends on a site that is owned by another player, you must pay rent (unless the site is mortgaged). The player who owns the site must ask you for rent before the next player rolls the dice. The amount payable is shown on the Title Deed card and varies according to the number of buildings on the site.

If you own a whole color group, the rent is doubled on any undeveloped site of that group (i.e. a site without houses or hotels). You can still collect double rent for the sites without a mortgage.

SOLAR

UTILITIES

Utilities are bought and auctioned in the same way as properties.

If you land on

according to the dice you rolled to get there. If the owner has one utility, the rent will be four times your dice roll, multiplied by 10,000. If the owner has both utilities, you must pay ten times the amount of your dice roll, multiplied by 10,000.

TRANSPORTS

8

Transports are bought and auctioned in the same way as properties.

If you land on an owned transport, pay the

amount stated on the Title Deed card to the owner. The amount payable is shown on the Title Deed card and depends on the

number of other transports owned by that player.

BUILDING HOUSES

Once you own all sites of a color group, you can buy houses to put < on any of those spaces. The price of a house is shown on the Title Deed card.

You can buy any house (or hotel) on your turn or in between other players' turns but you must build evenly: you cannot build a second house on a site until you have built a house on every site in that group. You may buy as many buildings as you wish, as long as you can afford them! Houses may not be built if any site of the same color group is mortgaged.

BUILDING HOTELS

To buy a hotel, you must first have four houses on each site of a complete color group. Exchange the four houses for a hotel and pay the banker the price shown on the Title Deed card. Only one hotel may be built on any one site.

RUNNING OUT OF BUILDINGS

If the banker has no houses left, you must wait for other players to return theirs before you can buy any.

If a limited number of houses or hotels are left and two or more players wish to buy more than the banker has, the banker auctions them off individually to the highest bidder. The banker uses the deal button to hold the auction (see **Deals** on page 8).

RUNNING OUT OF MONEY If you are low on funds, you can raise more money by:

- Selling buildings
- Mortgaging property

SELLING PROPERTY

You may sell undeveloped sites, transports and utilities to another player for a mutually agreed price. You cannot sell a site if there are any buildings on any of the sites in that color group. You must first sell all the buildings on those sites to the banker.

Houses and hotels are sold to the banker at half their original purchase price, stated on the Title Deed card. You can sell on your turn or in between other players' turns.

Selling houses

as they were bought.

Selling hotels

The banker will pay half the price of the hotel plus half the price of the four houses that were exchanged for the purchase of the hotel.

Hotels can also be broken back down into houses to raise money. To do this, sell a hotel for half its cost and receive in exchange four houses.

MORTGAGES

9

Mortgaging property First sell any buildings, then turn the site's Title Deed card face down and collect your mortgage amount shown on the back of the card.

You keep all mortgaged property and no other player can pay off your mortgage to secure the property. Rent cannot be collected on mortgaged property although it can be collected for other properties in that color group.

 Selling property, utilities or transports to another player for any agreed sum (even if the property is mortgaged).

You must sell houses evenly, in the same way

Repaying a mortgage

You must pay the original mortgage amount plus 10% interest (rounded up to the nearest 10,000). Once repaid, turn the Title Deed card face up.

Selling mortgaged property

You can sell mortgaged property to other players at any agreed price. The buyer can then either immediately repay the mortgage (see above) or just pay 10% interest (rounded up to the nearest 10,000) but retain the mortgage. The mortgage can be repaid as normal later in the game. If you later decide to repay the mortgage you will have to pay the 10% fee again.

When all sites in a color group are mortgage-free, the owner may begin to buy back houses and hotels at full price.

BANKRUPTCY

If you owe more money than you can raise from your assets, you are declared bankrupt and are out of the game.

Owing the banker

Return your Title Deed cards to the banker who will individually auction off each property to the highest bidder. The banker uses the deal button to hold the auction (see **Deals** on page 8).

Return any "Get out of jail free" cards to the bottom of the relevant pile.

Owing another player

The other player receives any money left on your bank card, your Title Deed cards and any "Get out of jail free" cards you own.

CHANCE AND COMMUNITY CHEST

When you land on one of these spaces, take the top card from the relevant pile. Follow the instructions on the card before returning the card, face down, to the bottom of the deck. If you pick a "Get out of jail free" card, you can keep it until you wish to use it or sell it to another player for a mutually agreeable sum.

If a card instructs you to move to another space, move there in the direction of the arrow. If you pass GO on the way, collect 2M MONOPOLY dollars. You do not pass GO if a card sends you to jail, or sends you back.

FREE

₽

PARKING

FREE PARKING

There is no penalty for landing here and you may still undertake transactions as usual (collecting rent, building on sites you own, etc.).

PASSING GO TWICE IN ONE TURN You can collect 2^M MONOPOLY dollars twice in one turn. For example, if you land on a Chance or Community Chest space

immediately after passing GO and picking a card that COLLECT ₩2M SALARY AS YOU PASS tells you to "Advance to GO". The banker will 60 need to remove and reinsert your bank card into the banker unit before pressing < for the second time.

GO TO

JAIL

Going to jail You will be sent to jail if:

- You land on the "Go to jail" space.
- You pick a Chance or **Community Chest card** which tells you to "Go directly to jail".
- You roll a double three times in a row on your turn.

Your turn ends when you are sent to jail. Move onto the jail space and do not collect 2M MONOPOLY dollars, regardless of where you were on the board.

While in jail you can collect rent on properties provided they are not mortgaged.

- Paying a 500k MONOPOLY dollar fine

If you haven't rolled a double after three turns, pay the banker 500k MONOPOLY dollars before moving according to your third dice roll.

"Just visiting" jail If you are not sent to jail but land on the jail space, you are "Just visiting" and incur no penalty.
