RCX SYSTEM OPTIONS

1 DOOR STATIONS

— To receive a call from up to two door stations at either of up to five programmed master stations;

(1) A call from door station is announced at all programmed master stations by electronic chime.
   * If the chime is 4 strokes, the call is from the first door station.
      Press [5] [►] buttons.
   * If the chime is 2 strokes, the call is from the second door station.
      Press [6] [►] buttons.
(2) Talk handsfree. In RA-A, Pick up the unit and hold the bar switch and, in RA-D, pick up handset for private handset communication. When the door station is situated in a noisy area, you may press [↕] (TALK) button to talk and release to listen.
(3) If your system includes a door release, momentarily press [0] button during communication, which activates the timer circuits for opening the door.
(4) Press [•] (OFF) button or hang up handset in RA-D to end communication with door station.

2 ADDITIONAL PAGING/REMOTE CONTROL

To select any YAW adaptor, press [7] [►] buttons.

(1) When continuous mono tone is heard;

Paging with YAW-R or YAW-RA;

Press [∷] button and an adaptor number button (0 ~ 9) (and a zone number button in YAW-RA 1 ~ 8). Make announcement depressing [↕] button (and release to listen, if talkback is included). Press [•] button at end of announcement.

NOTE:
After selecting an adaptor number for YAW-RA, press zone number buttons (1 ~ 8) in succession for multiple zone page or [◎] button for all page (to 8 zones simultaneously).

Remote operation of controlling ON/OFF of lights or door release, etc.;

Press [∷] button and an adaptor number button (0 ~ 9) for YAW-S.

* When an intermittent tone is heard, the lighting function is in ON mode.
* When a continuous tone is heard, the lighting function is in OFF mode.

Alternate operation: Momentarily press [◎] button to turn on lights. OR
                       Momentarily press [∷] button to turn off lights.

Momentary operation: Press and hold [◎] button down to activate door release, etc.
                       Press [•] button.

(2) When intermittent tone is heard;

It means other station is operating paging or remote control and the channel is occupied. Press [•] button to disconnect and call later.

NOTES:
1. It is not possible to operate two or more adaptors at the same time.
2. Paging/remote control operations can be made by master stations RA-A, RA-B and RA-D.
