19″/22″ LCD TV

Model 19WLM550DHID/22WLM550DHID

IMPORTANT SAFETY INSTRUCTIONS

WARNING

To reduce the risk of fire or electric shock, do not expose this equipment to rain or moisture.

CAUTION
**RISK OF ELECTRIC SHOCK
DO NOT OPEN**

**CAUTION: TO AVOID THE RISK OF ELECTRIC SHOCK,
DO NOT REMOVE COVER (OR BACK).
NO USER-SERVICEABLE PARTS INSIDE.
REFER SERVICING TO QUALIFIED SERVICE PERSONNEL.**

This symbol is intended to alert the user to avoid the risk of electric shock, do not disassemble this equipment by anyone except a qualified service personnel.

This symbol is intended to alert the user to the presence of important operating and maintenance instructions in the literature accompanying the appliance.

CAUTION

Use of controls or adjustments or performance of procedures other than those specified herein may result in hazardous radiation exposure

IMPORTANT SAFETY INSTRUCTIONS

To prevent any injuries, the following safety precautions should be observed in the installation, use, servicing and maintenance of this equipment. Before operating this equipment, please read this manual completely, and keep it nearby for future reference.

- Do not place the equipment on any uneven or unstable carts, stands, tables, shelves etc..
  The equipment may fall, causing serious injuries to children or adults and serious damage to the equipment itself.
- Use only a cart or stand recommended by the manufacturer.
  This equipment and recommended cart or stand should be handled with care. Quick stops, excessive force, and uneven surfaces may cause the equipment and recommended cart or stand to overturn.

- Do not disable the 3-wire grounding type plug. The grounding pin on the 3-prong plug is an important feature. Removing the grounding pin will increase the risk of damaging the equipment.
  If you can not fit the plug into the electrical outlet, contact an electrician to install a grounding outlet.
- Always operate this equipment from the type of power source indicated on the rear of the serial/model plate.

- Never overload wall outlets and extensions.
- Use and handle the power cord with care.
- Do not place any heavy objects on the AC power cord.
- Do not pull the AC power cord. Do not handle the AC power cord with a wet hand.
- Do not touch the power cord and antenna cable during lightning.
- When the equipment has not been used for a long period of time, unplug it from the wall outlet.

- Do not place, use or handle this equipment near water.

- Never expose the equipment to liquid, rain, or moisture.
  Seek for service if any of the above is spilled into the equipment.

- Do not expose the equipment to extreme temperatures or to direct sunlight, the equipment may overheat and can be damaged.

- Do not install the equipment near any heat sources such as radiators, heat registers, stoves, or any other apparatus that might produce heat.

TV User Guide 2

IMPORTANT SAFETY INSTRUCTIONS

- Do not attempt to service the equipment yourself.

- Opening and removing the covers may expose you to dangerous voltage or any other hazards and may void your warranty. Refer service from qualified personnel.

- Do not place or drop any other objects on top.

- Do not insert anything into the ventilation holes of your equipment.Inserting any metal or flammable objects may result to fire or electric shock.

- Do not place the equipment on uneven or unstable carts, stands, tables, shelves etc.. The equipment may fall, causing serious injuries to children or adults and serious damages to the equipment itself.

- Always place the equipment on the floor or on a surface that is sturdy, level, stable and strong enough to support the weight of the equipment.

- Do not block any ventilating openings, leave an open space around the equipment.

- Never place the equipment :
  - on a bed, sofa, rug, or any other similar surfaces;
  - too close to drapes/curtains/walls, in a bookcase, built-in cabinet, or any other similar places that may cause poor ventilation.

- Always remove the cord from the outlet before cleaning the equipment.

- Never use cleaners, harsh or abrasive chemicals or solvents on the equipment. Clean only with a dry, soft, lint-free cloth.

CONTENT

PREPARATION

Congratulations on the purchase of your new High Definition Compatible Television. In order to maximize the potential of this television, you must use it in conjunction with a High Definition Signal Source, utilizing a proper High Definition receiving unit (of ten referred to as a "set-top" box).Only "true" High Definition transmit ted video will yield optimum picture quality. Please contact your cable or satellite provider for more information on how to receive High Definition programming.

Features

■ Various Audio/Video terminals for external equipment connection

◉ 1 set of Composite video input terminal
◉ 1 set of S-VIDEO input terminal
◉ 1 set of HDMI input terminal
◉ 1 set of VGA input terminal
◉ 1 set of SCART terminal

■ Component Video Inputs

◉ Offer the best video quality for DVD (480i/480p),and digital set-top-box (HD1080i,720p) connections.

■ High-Definition Multimedia Interface (HDMI)

◉ This interface can accommodate a copy-protected digital connection (HDCP) to other digital set-top boxes that have compatible interface.
Package Contents

Once you open the box, make sure all of the following contents are included.
If missing any items, please return this product to the original place
of purchase.

HOW TO OBTAIN SERVICE

Congratulations on your choice of a Beko colour television. Your new television has been designed and manufactured to the highest quality standards to give you many years of use. To get the best out of it, please take a few moments to read the instruction book.

Your television is supplied with a full 12 months guarantee, covering parts and labour. Should you require service under guarantee, simply call the number below (**see note for small screen sets).

0845 600 4911

Our service receptionist will ask you for your product model number, your retailer's name, and the date of purchase when you call. It will assist you if you complete the box at the bottom of this page when you take delivery of your television so that the information is readily available should you need it. If it is necessary for an engineer to visit your home he will normally be there within 48hrs of receipt of your call (excluding Bank Holidays) or at your earliest convenience.

Before telephoning for service please check the trouble shooting guide in the instruction book as often minor problems are easily identified and resolved by following the instructions contained there in. Service visits where there is no fault with the product could incur a charge even through the product is under guarantee.

Service is also available on the above number after the guarantee period has expired. The cost of any repairs outside of the guarantee period is payable to the engineer at the time of visit.

Please complete the box below for ease of reference later.

Model Number _____   Serial Number _____

Date of Purchase _____   Place of Purchase _____

Please keep your purchase receipt. The engineer will need to see it should you require service under the 12-month Guarantee.

**Special Note: In home repair service is not available on models with a screen size of 21" or under. You should contact your retailer for advice and assistance on these models.
