My Documents					

- Step 6 Click Open
- Step 7 Click Upgrade Firmware, then OK

(You will be presented with the following screen)

### You will now need to restore the unit to Factory Defaults

Step 1 Open Internet Explorer and type in the Address Bar http://10.1.1.1

- Step 2 In the password field type in admin and click LOGIN
- Step 3 Click Advanced Setup
- Step 4 Click Tools then Configuration Tools

(You will be presented with the following screen)

- Step 5 Place the Dot next to Restore Router to Factory Defaults and click Next
- Step 6 Click APPLY

(You will be presented with the following screen)

#### You will now need to re-enter your Username and Password Settings

Please do not use a saved configuration as it will not function correctly with the updated firmware.

Step 1 Open Internet Explorer and type in the Address Bar http://10.1.1.1
