

Bluetooth Wireless Headset

Eight hours of talk time
and a 10-meter range.

FEATURES

- Range of 10 meters (32.8 ft.)—move freely while conversing.
- Works wherever you work—use with a standard desktop phone and a Bluetooth-enabled mobile phone.
- GN Link™ technology identifies which phone is ringing and connects to it, switching between lines seamlessly!
- Unique behind-the-ear wearing style.
- Has a discreet, contoured shape and a patented MiniGel™ eartip that provides comfortable use even over extended periods.
- Provides up to eight hours of talk time, so you only need to charge it once for a normal workday.

OVERVIEW

Contoured to fit snugly behind your ear, the Bluetooth Wireless Headset has all the features for those on the move. Operating hands-free, you can boost your productivity as you move about your work space.

Roam as far as 10 meters (32.8 ft.) from your desk. The headset's base charger/adaptor makes any standard phone Bluetooth capable. Or switch seamlessly between your office phone and your Bluetooth-ready mobile phone.

The headset sets up in minutes and gives you a charge of eight hours of talk time. When it's not in use, simply keep it in its base.

What's more, the Bluetooth Wireless Headset uses advanced encryption and frequency-hopping technology to keep your communications secure.
