2.0i SE	23%	176.0 (NA)
2.0i Sport	23%	176.0 (NA)

Company car tax information for automatic cars is shown in brackets.

BMW EfficientDynamics delivers impressive emissions reductions and better fuel consumption without sacrificing driving pleasure. This is achieved through a combination of intelligent engine management systems, innovative new technologies and the use of lightweight materials.

Electric Power Steering.

By using an electric motor to assist the steering, not only is the system lighter in weight than conventional hydraulic power steering, thereby reducing fuel consumption and emissions – but assistance can also be varied to aid the driver at lower speeds.

Lightweight Engineering.

The overall weight of the vehicle is reduced through the use of lightweight materials such as thermoplastic, aluminium and magnesium alloy. The results are enhanced driving dynamics and improvements in both fuel economy and weight distribution.

Accessories - Introduction

Stunning individuality. Faultless functionality. When a car looks as good as the Z4, and delivers such awesome performance, who cares about practicality? Well, BMW cares. And so do Z4 owners. The Z4 may be a delight to drive, hood down, when the sun is shining, but it's more than just a fair-weather friend. Year-round use in all conditions only serves to prove the depth of its engineering integrity especially if you select the Genuine BMW Accessories to suit your needs from the wide range in this brochure. All, naturally, made to the same exacting standards as the Z4 itself.

Interface for Apple iPod

The iPod interface allows the Apple iPod, iPod mini and iPod Photo to be connected to your vehicles audio system. By selecting genres, artists, albums and playlists it is now possible to access your entire music collection at any time in your car. The music stored on the iPod is played by the audio system and the iPod is also charged at the same time. To ensure that you do not lose control of this volume of music, the audio display integrated in the dashboard shows the current track or your position in the selection menu. The maximum number of folders that can be displayed is 255 and 1 folder equates to 1 artist or 1 album (non SA6FL). When iPod connector is fitted, CD changer function is disabled and can no longer be used.

Compatibility is dependent on vehicle specification. Please contact your local dealer for further information.

iPod is a trademark of Apple Computer, Inc

BMW Approved Stolen Vehicle Recovery products

Car thieves are becoming more sophisticated. Fortunately for you, so is BMW's additional security. BMW is a company of constant innovation. This on-going programme includes the advancement of anti-theft devices for your vehicle. If your vehicle already has security equipment, it is likely that BMW's additional security can enhance the factory-fitted system you presently rely on. This includes the availability of the ultimate BMW Approved, stolen vehicle recovery systems, which are now able to locate vehicles in Europe* as well as mainland Great Britain. Once installed by BMW factory trained technicians, the products may entitle you to a reduction in your vehicle insurance premiums. *Please contact your BMW Dealer for further

details.

Headlight washer system

The headlight washer system prevents dirt accumulation on the headlights. This ensures better illumination of the road.

Park Distance Control

Makes parking and manoeuvring the car easier. Obstacles closer than a distance of approximately 1.5m are detected and signalled by an acoustic warning.

Cruise control

Stores the desired speed (from approx. 30 km/h) and keeps it constant. Operated from the steering column stalk. Braking or manual deactivation cancels the function. The stored speed is automatically resumed at the touch of a button.

Car Cover Outdoor

Thermo-reflective, fully water-proof. Silver-coloured, dirt-repellent surface. With BMW logo.

Jump leads in Genuine BMW pouch with protective circuit

Tow-bar

Coolbag

CFC-free, electric cooler which cools its contents. Capacity: 12 litres.

Accessories - Safety and security

Tow-cable

Warning jackets Neon-colour safety jackets.

Junior Seat I-II

The BMW Junior Seat I-II with height and tilt adjustable backrest and restraint cushion is an ideal solution for children between 9 months and 7 years (9 to 25 kg body weight). The restraint cushion offers ideal protection to children from 9 months up to approx. 4 years: It reduces the impact of the forces acting on the cervical spine in the event of an accident. For children with a body weight in excess of 18 kg or approx. 3.5 years, the restraint cushion is no longer used. Your child is then secured in using the vehicle seat belt.

Junior Seat II-III

The BMW Junior Seat II - III has a size scale for up to 150 cm which allows optimum setting of the headrest and upper belt guide. With side, height and seat back adjustments the Junior seat II-III has been designed with optimum safety and comfort in mind

ISOFIX preparation may only legally be used for children up to 18 kg. Accordingly, the BMW Junior Seat II-III is not available with the ISOFIX option. The seat is secured by the vehicle's own three-point seat belt with belt guides for simple mounting.

Accessories - Car care

BMW Seal & Protect

BMW Seal & Protect is the only fully approved BMW paint, interior carpet /cloth upholstery protection system. It provides an outstanding long-lasting shield against the environment and

safeguards your investment by preserving the high quality finish of your car's surfaces. Utilising high-performance sealants, your purchase involves a Dealership-applied BMW Hard Wax to the exterior paintwork. As a result, exterior surface resilience and water repellence is increased by over 300%. And the long-standing protection that BMW Seal & Protect provides simultaneously has a regenerating effect on the paintwork, for a lasting shine.

The same scientific detail is also applied inside your car, with an impregnating agent for carpets and cloth upholstery to ensure that treated materials do not soak through when exposed to moisture

Please speak to your BMW Dealer for further details.

Wheel rim cleaner, 500ml

For Genuine BMW alloy and steel wheels.

Powder-type fire extinguisher

Located under the driver's seat for easy access.

Baby Seat 0+

The ideal seat for the smallest of children weighing up to 13-kg (approx. 18 months). The system consists of a frame installed in the vehicle and a

portable baby shell. The BMW Baby Seat 0+ is fitted in the opposite direction of travel. This significantly reduces the pressure exerted on the child's cervical spine in the event of a frontal collision. With the optionally available seat size reducer, the BMW Baby Seat 0+ can be ergonomically adapted to fit newborns.

Junior Seat II

The BMW Junior Seat II is offered without restraint cushion for children over 15 kg and approx. 3.5 years

The ISOFIX preparation may only legally be used for children up to 18 kg. Accordingly, the BMW Junior Seat II is not available with the ISOFIX option.
