

Innov-*IS* 500

The compact sewing and embroidery solution in one feature packed unit

always at your side

Sew... easy to thread.

Insert the thread into the cassette.

Put the cassette into the machine and press.

The needle threads automatically—and you're ready to sew!

Brother has always been at your side with the latest in sewing and embroidery technology. Now Brother brings you the **Innov-is** 500 complete with a thread cassette system that minimises hand threading. Thread the needle without touching it and change thread colours faster by pre-threading multiple cassettes. The **Innov-is** 500 is loaded with easy to use features and designs to give you more time to enjoy what you love, creating beautiful sewing and embroidery projects.

Quick-and-easy cassette threading system

The upper thread is threaded automatically when a spool is loaded into the thread cassette. Simply press the cassette into the machine and the needle immediately threads!

Simply touch the LCD screen to manage all functions

On-screen Editing

Powerful editing features include the layout, pattern rotation in 90° increments, mirror imaging and scaling.

Utility Stitches

The **innovis** 500 offers 67 utility stitches. You can reverse stitches, adjust stitch length and width, program reinforcement stitches and the thread cutter.

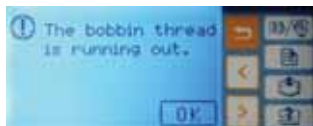

Combination of Stitches

The **innovis** 500 allows you to combine some stitches for greater variety and creativity.

My Custom Stitch™

This exclusive feature allows you to create decorative stitches on the LCD panel. These can then be saved to memory for future use.

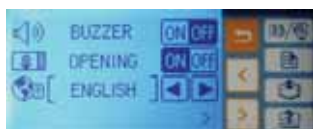

Operational Prompts

The **innovis** 500 even alerts you to oversights. For example, if the buttonhole lever has not been lowered, an audible sound together with a displayed message will notify you. Or, you will be notified that the bobbin thread is running out.

Online Instruction Guide

Follow the illustrated step-by-step instructions of the built-in operating guide to quickly learn how to use the functions available.

Settings Screen

Customise the settings to meet your needs.

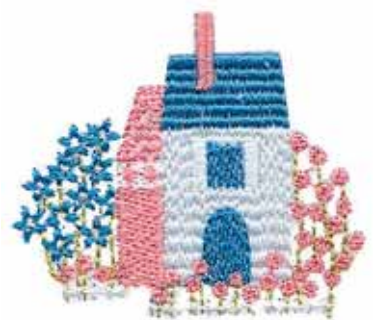

Built-in embroidery patterns for all ages

70 embroidery patterns

There are 70 built-in embroidery patterns for the 100 mm x 100 mm embroidery area, including floral designs, seasonal patterns and holiday themes.

The **Innov-is** 500 is compatible with the wide variety of designs available in the Brother Embroidery Memory Card Library.*

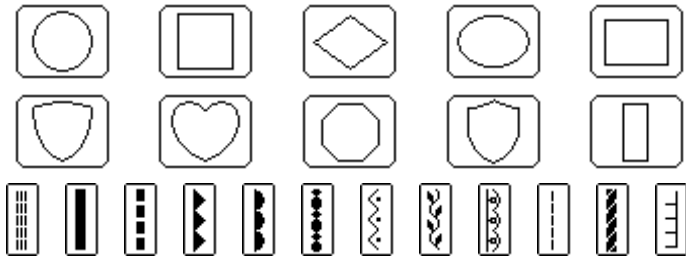

* Some designs that are larger than 100 mm x 100 mm may not be compatible.

Patterned frame shapes

Create 120 different variations of border patterns using the 10 built-in shapes and 12 border stitches.

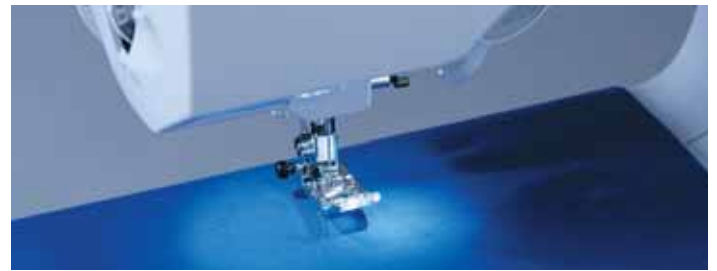

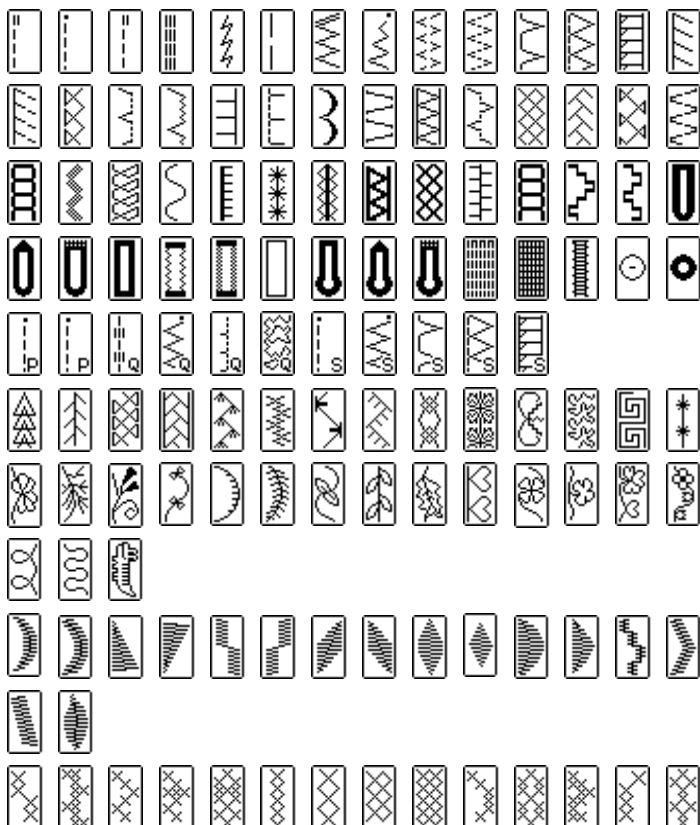

5 fonts in 3 sizes

Built-in monogramming fonts make it easy for you to personalise all your sewing and embroidery projects.

Decorative stitches

Choose from 128 built-in utility, decorative, satin and cross stitches to make your sewing experience fun and easy.

Dual LED Lamp

The convenient lamp makes it easier to work with dark fabrics.

Handy Central Controls

For ease of use, all operating buttons are on one convenient panel.

Top-load Bobbin

Just drop in a full bobbin to sew immediately.

Fast-Bobbin Winding System

Bobbin winding is simple! Take the thread around the thread guide, wind it around the bobbin and press the start button.

features for all your projects

Six-point Feed

Effortlessly create smooth, accurate seams on any fabric from the lightest silks to heavy denim.

Flap Table

The convenient extension table enables you to sew large projects more smoothly.

Presser Foot Levelling Button

Keeps the presser foot level for smooth, consistent stitching over changing fabric thicknesses, such as the start of a seam or crossing seams.

Extra Spool Pin

The enclosed extra spool pin allows you to use a variety of spool shapes and sizes.

Auto Thread Cutter and Auto Reinforcement Stitch

The thread is automatically cut at the end of sewing.

Accessory Case

The **innov-is** 500 comes loaded with extra accessories. This box neatly holds them all and can be stored in the center space of the machine for extra convenience.

Embroidery Card Slot

Take advantage of the extensive Brother Embroidery Card Library. The **innov-is** 500 features a convenient built-in embroidery card slot. With PE Design you can create your own designs and import them to your machine.*†
